That so great a number of diseases, and some narently opposite ones, in which I have used these pills. could be cuted more readily by them than by any other nedy, may at first seem strange and contradictory, but why it is so is as clear to my mind as that a great many persons should become thirsty from as many different auses and yet all require that common and greatest of blessings, water to quench their thirst.

In conclusion, it is due the enutation of the medicine nd the public, to say decidedly and unconditionally, that the Wilson's pills are the only combination I have ever net with in my long course of practice, that really poseesses anything curative or specific for sick headache The above Pills designed particularly for the sick aed Ache, Dyspensia, Constinution of the Bowels &c., prepared by the proprietor Dr. R. BRANDRETH PILLS. ET Invalide read the following account of a tiple so liberal or large a share of obstretrical practice as my there are berne in unture which have affinity cute he cause of discase, and Brandreth's Pillsare made for these

John Shaw, of Pembroke, Washington county, Maine, So convenient, so efficient, and yet so sa'e, did I esteen about six months since. The palagin his head, presst. hese pills, that for the last five years in my practice for back, left side and instep being so had that he was was females in particular, I have used more of them than lospital five weeks, Doctor Otlassic he did not know Like every other medicine, this must fall in some in what was the matter with him, and that he could de nothing for him, nor could be prescribe any medicine nent and more satisfaction in the administration of this That he, therefore, was conveyed from the Chelera Manwas there physicked with all sorts of medicine for a perirending misery .- That, besides his affection of his boncs he was troubled much with a flierase of the lungs; some. imes he would spit a quart of pilegin in the day; besides ness. That attimes he dreaded a stool worse than he would have dreaded death; that he can compare the first

ing to nothing save that of knives passing howels. After suffering worse than death at the Sailor's Retrent, on Staten Island, the doctor told him that medicine was of no use to him, that he must try to stir about, At this time he was suffering the greate his hones were so tender he could not bear the lengt press ure upon the cibow or upon the knee, that his instep was most painful, that as the Doctor said he would give him no more medicine be determined to procure some of Dr., Brandreth's Pills, which he did, from 241 Broadway New York; that he commenced with five pills, and sometimes increased the dose to eight. The first week's use so much benefited him, that the doctor, not knowing what he was using, said, now, Shaw, you look like a man again; if you improve in this way, you will soon be well.' That he found every dose of the Brandreth Pills relieve him, first they cured him of the pain when at stool; that they next cured the diatrica, and finally the pains in his bones;-That the medicine sermed to add strength to him every day. He told the doctor yesterday the 11th instant, that he felt himself well, and also that he owed his recovery to Brandreths Pilis under Providence, that he had taken the medicine levery day for 19 days; that the doctor told him if he had known be had been taking that medicine, he should not have stayed another day in rhe house. He considers his his date to make this public statement for the benefit of all similarly afflicted; that they may know where to find a medicing that will cure them.

John Shaw being by me duly sworn this 12th day of April, 1842, did depose and say that the foregoing state, ment is true. J. D. WHEELER, Commissioner of Decis.
