THO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE .- This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, work. in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease according to the strength of their constitution. The only method to prevent disease, is the occasional use of a medicine which abstracts from the circulation all deleteious humors, and expels them by the howels. Tonics in any form are injurious, as they only gut off the evil day to make it more fatal. The use of Brandreth's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and are not opposed,

ARD OIL.—The Subscriber would most respectfully inform the public in genera that he has an article of zird-Oil of a superior quality, manufactured at the CincinnathOil Manufactory, by R.W. Lee & Co., which is warranted to be equal to the best Sperm. Oil, both for Light and Machinery. This Oil is entirely free from any glutinous namer, smoke, or unpleasant odor, and it is as clear and as white as spring water. Not a particle of crust is left on the wick. The light is pure and brilliant, and will last as long, if not longer, than that from an equal quantity of Sperm. Oil. The subscriber informs the nublic that he has taken a place nearly opposite the Post Office, where he will light up several different lamps every exening, and he would respectfully invite the initants of Pittsburgh, Allegheny, and their vicis call and judge for themselves. He feels confident they will be convinced that the above statement is perfectly correct. Sir...Since I have been in this city I have used some o your Dyspeptic medicine with infinite benefit and satis faction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell county, Tenneesec, wrote to me to send him some, which I did, and he has imployed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent a his place," thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as

a proper person to officiate for the sale of your celebrate medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes ee, or by land to Graham & Houston, Tazewell, East Tennessee. I have no doubt but if you had agents in everal counties in East Tennessee, a great deal of medicine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent ne of the merchants to act for you as I live near there.
