CARK'S PATENT LEMPS, FOR BURNING LARD.—Those who would wish greatly to reduce their expense for light, should certainly purchase one of the above named Lamps, as by their use there is a clear saving of at least two thirds of the expense over Oil, and he light obtained from this is pure and brilliant, and wholly free from smoke or disasteeable smelt. We would here state that Carr's Patent is the only one worthy the attention of the public, as it is the only one that is appli cable to every variety or nattern of Lamns, and the only one that will ourn Lard want, at any temperature of cold or hest. We have, in the snort space of three mouths old several thousands; and with scarce an exception those using them have expressed themselves highly plea ed with them, and fully convinced of the great eco be their nee, as well as their superiority over either of or randles, in regard to cleanliness and light.

THORN'S TEA BERRY TOOTH-WASH.

LANCASTER, Oct. 2d, 1842 To Dr. Thonn,-My Dear Sir: I cheerfully and ordiaily embrace the present favorable opportunity to return to you my warmest thanks of gratuade for your an equalled and unexceptionable invention of your very justly celebrated Tea Berry Tooth-Wash, and I feel tha I am in duty bound to say that I have derived the greatest and most beneficial effect from its frequent and m flourishing neighboring town and Female school, a re- ale use; and I can assure you that I am exceedingly hap py to have the pleasure of informing you, that sincerel and cordially speaking. I can in justice recommend its fre quent use to all that unfortunate portion of the huma race throughout the globe who are now undergoing the most exeruciating pain for the want of a medicine prepa ration of exactly the same nature of which yours is propa red, and who have for years been suffering from the in ous, destructive and peraicious effects of worthle ooth powders and other worthless preparations. In on permit me to say that I have used your Tooth Wash but for a short period, and yet I feel thoroughly invinced that it is the best now known, its inestimal irtues in preserving the teeth, (which if kept in a good and handsome condition, is the greatest embelishmen mi adorns the human structure.) are not to be excell in easing and relieving the sufferer from tooth ache, and storing the gums to a healthy and parified condition, and living also a sweetness and fragrancy to a disagreeable each hitherto unknown: Accept my six cere wish for your success, from

If I treated a case requiring an emmenagogue, th Wilson's pills were just the thing I wanted. If palpitation, headache, flushed countenance, or other difficulties, indicating a disturbance of the circulatory of life,' the Wilson's pills were just the thing I wanted. Thus, without respect to the name, a disease might

ment, particular indications or symptons arising, wer simays most promptly and most happily met by the Wilson's pilla. That so great a number of diseases, and sometimes ap parently opposite ones, in which I have used these nills should be cuted more readily by them than by any other remedy, may at first seem strange and contradictory, but why it is so is as clear to my mind as that a grea persons should become thirsty from as many different
