Hereafter, I will try and practice on your JAMES BUCHANAN

When Fanny went home she told lies mother of the discovery she had made, at the same time that she smiled at the simple fruitfulness of the rule.

There is no doubt of that being the tiue secret of order, Fanny;' her mother said, and practice it steadily.'

"I will try, mother,' the daughter re-

ptied. And she began by trying that very day; while the precept was fresh in her mind, she got along pretty well, but it was not many days before her mother discovered her room in no very orderly condition.

'You have lost your secret. I fear, Fanny,' she said, as she looked in upon her. •Oh, no, mal I have not lost, but only for gotten it for a little while. But I will try to keep the recollection of it as fresh as ing. Instead of lightly skimming over a possible.'

It is worth all the trouble it may cost himself to one, which is certainly of suffiyou, Fanny, to acquire a habit of order .---After this habit is once formed, it will be work much more extended than an evening like a second nature to you.' "I know it, ma, and am determined to

radical reform in the Orthography of the persevere. And I hope you will remind me of every little omission that may come English language."

Mr. Wills classes the defects of our orunder your notice." Mrs. Fairfield promised that she would thography, under six different heads: The do so. And whenever she found her daughter growing remiss, would remind her of first is that our alphabet does not contain the secret she had obtained from Caroline. letters enough to represent the simple Gradually Fanny acquired, by steady persounds of the language; consequently, the severance in adhering to her rule of order, same letter is often made to represent two, the habit of order itse'f, and then she had no trouble; for it was as natural for her to three, and even four different sounds.replace a thing properly, as it was for her The second defect is the use of silent letters, which, the lecturer justly remarks, to take it up.

"serves only to embarrass and perplex."

FOR RRESIDENT,

The Exploring Expedition .- The rub-The third defect is the making of simple lic mind has been enlightened as to the do mestic history of this expedition, through sounds which have appropriate letters, by the medium of half a dozen courts martial, combinations of letters, which, according but as regardsits scientific history, we are to their correct sounds, have no natural totally in the dark. In what state of for wardness is the grand national work we were taught to expect would be the result of words is made by ey, eigh, as in convey, the enterprise? We have lost a noble inveigh, &c. The fourth defect is the usloop of war and a sinallier vessel; many surpation, by some letters, of the appro- 1838. valuable lives have been sucrificed, and an priate sounds of others: as for example, kimmense amount of money expended; and often has the sound of c-j of g, &c. The of course the people are rather anxious to ascertain whether the savans and other fifth defect is the difference between the members of the expedition did any thing names and sounds of letters. Take as examples the letters called 'double you.' 'ef,' but quarrel. We understand that there was a considerable quantity of specimens in 'wy,' 'ess', these names are wholly differnatural history, &c., brought home by the ent from their sounds in spelling. The squadron. Do the gentlemon who gathered them intend to illustrate their discoveries. sixth defect is the want of syllibication .---The letters are all thrown together in one or are the 'critters' expected to speak for mass, without any thing to indicate the themselves, like Balaam's donkey ?--.N. Y. particular letters forming the syllables that Aurora make up their correct pronunciation.

Rights of Woman .- We now and then hear a sneer when a female is about lectu-To amend these errors and remedy these ting, or a woman is appointed postmaster. lefects, Mr. W. urges the adoption of the or mistress, if you please, in some village. following principles: 1. That the names of There are so few rights belonging to woman, that we desire to see them all enjoy-

ble with their sound. 2. That each simple We remember, when a boy, in Philasound shall have a distinct letter to repreia, hearing our grandmother say, that

to him the idea of distinguishing himself by establishing a new religion. Having a profound knowledge of human nature, he soon succeeded in gaining followers, principally from the ignoraut and supersti-

lious. "The discovery of the book of gold is hus related:-"'He repaired to the place of deposite and demanded the book, which was in a stone box, and so near the top of found" remains a mystery. the ground that he could see one end of it, and raising it up took out the book of gold;

We have received a copy of an Address but fearing some one might discover where delivered herore this Society, by John A. he got it, he laid it down to place back the Wills, Esq. The speaker has travelled top stone as he found it; and turning round, out of the ordinary course pursued by lecto his surprise there was no book in sight. He again opened the box, and in it saw urers on such occasions, and, we are inclined to think, has acted wisely in so do. the book, and attempted to take it out, but was hindered. He saw in the box, something like a toad, which assumed the apmultiplicity of subjects, he has confined pearance of a man and struck him on the side of his head. Not being discouraged cient importance to furnish matter for a at trifles, he again stooped down aud strove to take the book, when the spirit struck him again and knocked him three or four lecture-he spoke of the "necessity for a rods, and hurt him prodigiously."

The Golden Bible, or Book of Mormon, was first published in 1830, being written much in the style of the old Testament, and giving an account of the departure of the Lost Tribes of Israel from Jerusalem under command of Nephi and Lehi-their journey by land and sea, till they arrived in America-their quarrels and contentions until the Nephites were entirely destroyed by the children of Lehi, who afterwards dwindled in unbelief, and became a dark, lothsome, and filthy people-to wit, the American Indians.

The first Mormon Church consisted of six members; and after a number of converts the prophet received a revelation from Heaven, that the "Saints" should remove to Kirtland. Ohio, and there take up their abode. Many obeyed the command-selaptitude in them; as the sound a in man y ling their possessions, and helping each law of Nicholas Biddle. The second is a mortother to settle in the spot designated. The place was the Head Quarters of the church about the same date. The third is a mort gage and the residence of the Prophet until dated 28th July, 1841, in favor of the son of Ni

The leaders in this community having become deeply involved in debt, by trading and their efforts to erect a Temple, in 1837 the far famed Kirtland Bank was put into operation without a charter. When the notes were first issued, they were current in the vicinity, and Smith took advantage of their credit to pay off with them the debts, he, and the brethren, had contracted in the neighborhood for land, &c .--The eastern creditors, however, refused to All the necessary private arrangements had been take them. This led to the expedient of made with the Sheriff. Mr. Fox-late Judge Good to prime lots of Maryland reds have sold exchanging for the notes of other banks .--- | Accordingly the elders were sent off thro' the country to barter off Kirtland money, which they did, with great zeal, and continued the operation, until the notes were not worth twelve and a half cents to the
