They are those who work in an unhealthy atmosphere. Printers, work men in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease acording to the strength of their constitution. The only metfidd to prevent disease, is the occasional use of a nedicine which abstracts from the circulation all delete riods humors, and expels them by the bowels. Tonics in any form are injurious, as they only gat off the evil day to make it more fail. The use of Brandreth's Pills will insure health, because they take all impure matter ont of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and are not opposed, but harmonize with her. BENJANIN BRANDETH'S PULLS. Go-This vegetable and truiy funocent medicine, FURI-

HERE OF DISEASE, to the bodies of those whose powers of life are not already exhausted. Where human means can avail, there scarcely is any complaint, or form of sickness, that the BRANDRETH PILLS do not relieve and generally cure. Aithough these pills produce a KNews sypect, that effect is not to prostrate the body, as with

other medicines, but the frame is invigorated by the removal of the cause of weakness, the morbild, the vitiated humors from the blood.

Harmless in themselves, they merely ASSIST NATURE

To throw out the occasion of sickness from the body, and they require no alteration in the diet or clothing. In fact, the human body is better able to sustain with. out injury, the inclemency of the weather, while under ence of this infection destroying, disease eradica the influ ting Medicine than at any other time. The importance of Brandreth's Pills for scamen and

ravelers is, therefore, self evident. By the timely use of this Medicine how much anxiety

and sickness, might we not prevent. Cold, Billious af fections, Typhus, Scarlet and fevers of all kinds, would be unknown! But where sickness does exist. let no time be lost, let the BRANDRET'H'S PILLS be at once sent for, that the Remedy may be appied, without fur ther loss of time .--- To be REMEMBERED ----

That Brandreth's Pills have stood a sevon years' test in the United States. That they are a vegetable and innocent medicine, ret all powerful for the removal of disease, whether chronic recent; infectious or otherwise.

That they purify the blood, and stay the further progress of disease in the buman body. That, in many cases, where the dreadful ravages of ulceration had laid bare ligament and hone, and where, to all appearance, no human means could save life, hav patients by the use of these pills, been restored to good health; the devouring disease having been completely

eradicated. That each of the genuine has upon it THREE COPYRIGHT LABELS That each label has two signatures of Dr. Benjami

Brandreth upon it. That there must be upon each box three signatures

thes: B. BRANDRETH, M. D

And three signatures, thus: BENJAMIN BRANDRETH.

DR. FRANKLIN SAYS: "All acute fevers ever require some evacuation to bring

hem to a perfect crisis and solution, and that even by stools, which must be promoted by art when nature does not do the business itself. On this account, an ill timed scrupulousness about the weakness of the body is of bad consequences; for it is that which seems chiefly to make evacuations necessary, which nature attempts after the humors are fit to be expelled, but is not able to accomplish for the most part in these diseases; and I can affirm, that I have given a purge when the pulse has been so low that it could hardly be fell, and the debility ex. treme, yet both one and the other have been restored by The good effect to be derived from the Brandre Pills have to be experienced to be fully believed. By their timely use neither the scarlet, the typhus fever small pox would ever assume their malignant form. To appreciate to the full extent, the incalculable bene fits of BRANDRETH'S PILLS, they must be used when the First Symptoms of Disease present themselves. One doze then, and their good effects will be felt throughout

the atlack-IT IS TAKING THEM IN TIME that is the great secret in the cure of all appearances of disease arising from bad blood, and I presume there are few at the pres ent day, will say anything of those diseases which affect

the body when the blood is pure. Such diseases I have yet to see. Hoping that some who read this may be benefited by s 1 am respectfully. doing.
