THO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE. - This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, workmen in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease according to the strength of their constitution. The only metrod to prevent disease, is the occasional use of a matteine which abstracts from the circulation all deleterion numbers, and expels them by the howels. Tonics it any form are injurious, as they only cut off the evil on the mattein and first the mattein and first the same first the day to make it more fatal. In my travels of late I have seen in a great many instances the wonderful effects of your medicine in relieving children of very obsticate complaints, such as Coughing trument Maker, Third street, nearly opposite the Wheezing, Chooking of Phiegm, Asthmatic attacks, &c Sec. I should not have written this letter, however, a present, although I have fe t it my duty to add my test mony to it for some time, had it not been for a late in stance where the medicine above alluded to was instru mental in restoring to perfect health an wouly child, whose case was almost hopeless, in a family of my ac quaintance. I thank floor the jaws of death! O how feared the relentless ravager. But my child is safe!

Beyond all doubt Dr. Swayne's Compound Syrup of ild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with con plete success. I am using it mivself in an obstinate at tack of Bronchitis, in which it proved effectual in a ex I can recomend it in the fullest confidence of its superio virtues; I would advise that no family should be without it; it is very pleasant and always beneficial-worth Sold by WM.
