class of individuals is very numerous. They are those who work in an unhealthy atmosphare. Printers, workmen in feather slores, slone cutters, hakers, white lead urets, are all more or less subject to disease acsording to the strongth of their constitution. The only method to prevent disease, is the occasional use of a nedicing which abstracts from the circulation all delete lous humors, and expels them by the howels. Tonics in any form are injurious, as they only sut off the evil ay to make it more fatal.
