DAILY MORNING POST.

DECEMBER 2, 1842.

Home Affairs.

We have been requested to state that the ladies will continue the FAIR at the corner of St Clair and Liberty streets to-day.

The River, &c.—Four feet water in the channel. The steamboats have a hard time of it *just now*. The West Point is at Wellsburgh with one of her shafts broke. The Eveline is aground 13 miles below the city. The Forrest is fast in the ice at Economy island, and the Empire is at Davis's Ripple.

A second-cousin of *Roaring Ralph Stackpole* is now in this town. He hails from the wilds of the west,—and to judge from comparison we would say that he is identically, mentally and musically, a chip of the same block with his distinguished prototype.

Hair Barber shop.—A good place *for pretty* young people to resort when they want to read the morning papers. Some no doubt think it much more economical than buying them.

Some person hung a squirrel on the lamp post at the corner of 4th and Smithfield streets yesterday morning.

No other paper has the news.

FIRE.—The alarm of fire between 12 and 1 o'clock was caused by the burning of a chimney between 2d and 3d near Wood. No water thrown by the engines.

The annual meeting of the George Washington Total Abstinence Temperance society, of the 7th Ward, held Nov. 18th, 1841, the following were the officers elected for the ensuing 6 months.

JOHN A PARKINSON, President.
SAMUEL M'CLEARY, Vice President.
J. CRAWFORD, jr Rec. Secretary.
A. J. TOTTEN, Cor. Secretary.
JOSEPH BOWMAN, Treasurer.

The G. W. T. A. Society of the 5th Ward, will hold its regular weekly meeting this evening Friday Dec ember 2nd in the Primitive Church Penn st 6½ o'clock. Messrs M'Clery and D. E. Campbell, will address the meeting—Mr. M'C. will address on the 7th ward, as he intends giving a history of this war with King Alcohol for eight years; and all are invited. Wm. CRAWFORD jr

Commercial News.

Pittsburgh Market.

Reported for the Morning Post by Isaac Harris.

FRIDAY MORNING, Dec 1, 1842

Owing to the weather, business has been quite dull for a few days, but now the Winter is upon us we have excellent sleighing, it is continues a few days. We will have lively times for our farmers in redoubts and farmers for a great distance around Pittsburgh, will take advantage of the fine roads and healthy weather, to come to the city with parts of their family and their produce of all kinds to make good markets and take back a great variety of cheap and useful goods and Pittsburgh manufactures, thus making a profitable and delightful visit before Christmas and New Year's to our emporium of commerce and manufactures. The stock of all kinds of goods and Pittsburgh manufactures, are good and cheap.

CARR'S *PATENT LAMPS FOR BURNING LARD.*—Those who would wish greatly to reduce their expense for light, should certainly purchase one of the above named Lamps, as by their use there is a clear saving of at least two-thirds of the expense over Oil, and the light obtained from this is more soft and brilliant, and wholly free from smoke or disagreeable smell. We would here state that Carr's Patent is the only one worthy the attention of the public, as it is the only one that is applicable to every variety or pattern of Lamps, and the only one that will burn Lard WELL, at any temperature of cold or heat. We have, in the short space of three months, sold several thousands; and with scarce an exception, those using them have expressed themselves highly pleased with them, and fully convinced of the great economy by their use, as well as their superiority over either Oil or candles, in regard to cleanliness and light.

The above named lamps can be had only at
BROWN & RAYMOND'S,
Third street, nearly opposite the Post Office.
Where is kept constantly on hand Britannia Metal, Tin and Glass Lamps, of various patterns.
Glass lamps sold at manufacturers' prices.

We take pleasure in recommending to the public the following certificate, which is subscribed to by many respectable citizens.

We the undersigned, have tried and are now using Carr's Patent Lamps, for burning Lard or other animal fat, and we have no hesitation in saying that they give an excellent light—equal to any of the ordinary modes of lighting a house, at about one-third the cost, and wholly free from smoke or other disagreeable smell. We take a pleasure in recommending these Lamps to the public, as to their use there is a great saving over either sperm or lard oil, or even candles; and we believe them to be more cleanly and less troublesome than either.

To be had at BROWN & RAYMOND'S only, Third street, nearly opposite the Post Office.

CHEAPER THAN EVER!
SPLENDID ASSORTMENT OF
READY MADE CLOTHING
AT THE THREE BIG DOORS,
No. 151 Liberty st., one door from the Jackson Foundry.

THE Subscriber having prepared at his establishment the largest and most varied stock of READY MADE CLOTHING ever offered in the Western country, would respectfully invite the public to give him a call and examine his Goods and hear his prices before purchasing elsewhere. His stock consists in part of 1500 Coats, assorted sizes and quality; 2000 pair Pantaloons; 1800 Vests; with a large assortment of Shirts, Drawers, Cravats, Stocks, Gloves, Suspenders, and every other article of winter Clothing.

His Cloths were all selected by himself in the Eastern Markets, and purchased at the very lowest cash prices, and consequently he can afford to give his customers BETTER BARGAINS than they can get at any other house in the city. Believing in the principle of "Protecting Home Industry" he has therefore had all his articles manufactured by Pittsburgh workmen, and he has no hesitation in saying that they will be found in every respect superior to the *Eastern manufactured* articles that are offered for sale in the slop shops that have recently *Anchored* among us.

In these times when *Home Industry* is occupying so large a share of public attention, as it always should, the proprietor of the "Three Big Doors" takes peculiar pride and pleasure in assuring the citizens of Pittsburgh that his Goods are *all manufactured* under his own eye, by the hands of his own town.

His rivals in trade, have his Clothes made up in a distant city, in another State, nor does he advertise his Stock in bills printed three or four hundred miles from here. He goes on the principle that the mechanics of Pittsburgh can do work as well as any others, and he does not desire to draw money from their pockets to support distant workmen; while he asks them to support him, he does not wish to immortalize them by a drain to support far off manufacturing workshops.

The subscriber would take this occasion to return thanks to his friends and customers for the unprecedented patronage extended to his establishment, and to repeat his invitation to all those who wish to purchase clothing, of every description, made in the latest fashion and sold on the most accommodating terms, to call at No 151 Liberty street. THORN'S TEA BERRY TOOTH WASH—*A New Invaluable Remedy.*—The extreme beauty of the Teeth, their indispensable use, and the frequency of their decay, has led to many inventions for their preservation; yet how to preserve them in a state of health an pristine beauty, to the latest periods of existence, was entirely unknown until the discovery of the above invaluable preparation. It forms a pure tincture composed of vegetable ingredients, and is possessed of the most delicious odor. It eradicates tartar from the teeth, removes spots of incipient decay, polishes and preserves the enamel, to which it gives a pearl-like whiteness, and, from its disinfecting properties, possesses the virtue of giving sweetness to the breath.

As an *Anti Scorbutic*, the Gums also share in its transcendent powers; Scurvey is eradicated from them, a healthy action and redness is induced, which offers to the notice of the medical practitioner indubitable evidence of their healthful state. It has been examined and used by several of the best physicians of this city, who have no hesitation in recommending it as an excellent wash for the Teeth, Gums etc.

Among the recommendations to the above are the following:

Having tried Dr "Thorn's Tea Berry Tooth Wash," and become acquainted with the ingredients of its composition, I cheerfully say, I consider it one of the safest, as it is one of the most pleasant Tooth Washes now in use.
Pittsburgh Sep. 15, 1842 DAVID HUNT, Dentist.

I take pleasure in stating, having made use of "Thorn's Tea Berry Tooth Wash," that it is one of the best dentifrices in use. Being in a liquid form, it combines neatness with convenience. While it cleanses the enamel and removes the tartar from the teeth, its perfume yields a fragrance peculiarly desirable. J. B. TIBBETTS, M. D.

The undersigned have used in "Dr Thorn's Common Tea Berry Tooth Wash," and have found it to be an extremely pleasant dentifrice, exercising a most salutary influence over the Teeth and Gums; preserving those indispensable members from premature decay preventing the accumulation of Tartar, and purifying the Breath. Having thoroughly tested its virtues, we take pleasure in recommending it to the public, believing it to be the best article of the kind now in use.
