TO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE. There are individuals in every walk of life, whose occupations are more or less injurious to health. These are workers in the mines, miners, printers, tailors, men at sea, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease according to the strength of their constitution. The ordinary method to prevent disease, is the use of some kind of medicine which abstracts from the circulation all deleterious qualities of the body by the bowels. These are injurious, as they only cut off the evil to make it fatal. The use of Brandt's Pills will insure health, because they take all impure matter out of the blood; and the body will not weaken by the different effects, and the restorations of Postmaster endorsed by the Postmaster at the place where the contractor may reside. The right is reserved of rejecting any bill which may be considered extravagant, and also to give to any one bidder the printing for one or more states adjoining the State of his residence; and each proposal must be accompanied by sufficient evidence of the ability of the proposer to fulfill the object of his proposal.

The successful bidder will be required to enter into contract, with surety, in strict compliance with the provision of the law, to which bidders are referred.

LARD OIL.—The Subscriber would most respectfully inform the public in general, that he has a barrel of Lard Oil of a superior quality, manufactured at the Chas. & Son's, which is warrantable to be equal to the best Sperm Oil, both for Light and Machinery. This Oil is entirely free from any glutinous matter, smoke, or unpleasant odor, and it is clear and white as spring water. Not a particle of cream is left, and it has the firmness of oil, longer than that from an equal quantity of Sperm Oil. The subscriber informs the public that he has taken a place nearly opposite the Post Office, where he will light up several different lamps every evening, and will be ready to supply the inhabitants of the city, Allegany and their vicinity, to call for his oil for their uses. He feels confident that you will be satisfied with the above statement, perfectly correct. Out of two hundred individuals who have tried the Oil, there has not been a single fault found with it. The Lard Oil costs one third less than Sperm. He would respectfully request the early attention of Dealers and Merchants to the above.

The following Churches are now using the Land Oil:

Second Presbyterian Church, Pittsburg, New Cumberland Presbyterian Church, Pittsburgh, First Presbyterian Church, Allegany City, Allegany Reformed Church, Allegany.

Also the barrels are branded E. W. LEE & CO., CINCINNATI, Ohio.

M. C. EDEY, Agent.

Pittsburgh, June 21st, 1842.

We, the undersigned, Captains of the Express Line of Pennsylvania, on the Pennsylvania Canal, have tried and are using an article of Lard Oil introduced here by Matthew C. Edey, and manufactured by R. W. Lee & Co., at the Chapman's Oil Factory.

We feel confident in asserting that the above is equal to the best Sperm Oil.

We find that it is entirely free from smoke or any other glutinous matter; whatever the light is perfectly pure, clear and brilliant, and will last as long, if not longer than that from an equal quantity of Sperm Oil.

We have no hesitation in recommending it to our friends and neighbors.
