Respected Friend: We nave the satisfaction to state as the test recommendation we can give of the utility of your Iron Safes, that we have one of them which was in an exposed situation in our counting room, at the time of the fire, on the morning of the 10th inst, which consumed our Pork House to gether with a large portion of the meat, lard, &c, which it contained;—and that our books and papers which were in the Safe, were entirely uninjuted, and were taken from it after the fire; without ever being discolored. I should not have written this letter, however, at present, although I have felt it my duty to add my testi mony to it for some time, had it not been for a late in-stance where the medicine above alluded to was instrumental in restoring to perfect health an "only child," whose case was almost hopeless, in a family of my acquaintance. Beyond all doubt Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with com-plete success. I am using it myself in an obstinate at tack of Bronchitis, in which it proved effectual in a ex ceedingly snort time, considering the severity of the case. I can recomend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial-worth double and often ten times its price. The public are as sured there is no quackery about it. R. JACKSON, D. D. Formerly Pastor of the First Presbyterian Church,
