

Home Affairs.

No paper will be issued from this office to-morrow.

We publish the proceedings of the Democratic meeting in regard to the May election, in order that all may see what has been done. It will serve, too, as a notice to the meetings on Wednesday evening.

The following are the names of the candidates for the office of Mayor in the city of Allegheny. In addition to the six persons named below, we had the names of Mr. John Robinson, with whom we have always been in connection with the contest.

ANDREW BARCLAY, Wm. B. FOSTER, JOSEPH W. SCOTT, THOS. BARNETT, H. FULLERTON, H. WILLIAMS.

The friends of the different candidates are now "eager for the contest," and all are sanguine of success. Much more interest is taken in the election for Mayor Allegheny, than on this side of the river.
