EVANS'S CAMOMILE PILLS.—ABRAHAM J. CLEMER, residing at 166 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, furred tongue, nausea, with frequent vomitings, dizziness towards night and restlessness. These had continued upward of a twelvemonth, when, on consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his even successful and agreeable mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement. CARR'S *PATENT LAMPS FOR BURNING LARD*.—Those who would wish greatly to reduce their expense for light, should certainly purchase one of the above named Lamps, as by their use there is a clear saving of at least two thirds of the expense over Oil and the light obtained from this is pure and brilliant, and wholly free from smoke or disagreeable smell. We would here state that Carr's Patent is the only one worthy the attention of the public, as it is the only one that is applicable to every variety or pattern of Lamps, and the only one that will burn Lard well, at any temperature of cold we have. We have, in the short space of three months, sold several thousands and with scarce an exception, those using them have expressed themselves highly pleased with them, and fully convinced of the great economy by their use, as well as their superiority over either oil or candles, in regard to cleanliness and light

The above named lamps can be had only at

BROWN & RAYMOND'S,

Third street, nearly opposite the Post Office.

Where is kept constantly on hand Britannia Metal, Tin and Glass Lamps, of various patterns.

Glass lamps sold at manufacturers' prices.

We take pleasure in offering to the public the following certificate, which is subscribed to by many respectable citizens.

We the undersigned, have tried and are now using Carr's Patent Lamps, for burning lard or other animal oil, and we have no hesitation in saying that they give an excellent light—equal to any of the ordinary modes of lighting a house, at about one-third the cost, and wholly free from smoke or other disagreeable smell. We take a pleasure in recommending these lamps to the public, as by their use there is a great saving over other species of lard oil, or even candles; and we believe them to be more cleanly and less troublesome than either.

To be had at Brown & Raymond's only, Third street, nearly opposite the Post Office.

TO THE PUBLIC, and particularly to my former patrons of this city.—Having retired from the practice of Medicine, I may be permitted to say, that it has fallen to the lot of but few persons to have enjoyed so liberal or large a share of obstretrical practice as my own has been for the last 30 or 40 years.

The experience of that long period of active life, and the fact of my having been twice, since 1830, associated with Dr. R. A. Wilson, in the practice of medicine, (in both a period of five years,) enables me to judge fully of the merits of his pills.

So convenient, so efficient, and yet so safe, did I esteem these pills, that for the last five years in my practice for the cure of chronic diseases, of whatever name, and those of females in particular, I have used more or them than all other medicines.

Like every other medicine, this must fail in some instances, but in my hands there has been less disappointment and more satisfaction in the administration of this one remedy than of all others; its good effects sometimes quite astonishing me.

If my patient required a safe aperient medicine either before or after parturition, the Wilson's pills were just the thing I wanted.

If a dyspeptic acid condition of the stomach, combined with costiveness or inactivity of the liver, constituted the disease of my patient, the pills were just the thing I wanted.

If I treated a case requiring an emmenagogue, the Wilson's pills were just the thing I wanted.

If palpitation, headache, flushed countenance, or other difficulties, indicating a disturbance of the circulatory and secretory systems, annoyed my patient at the turn of life, the Wilson's pills were just the thing I wanted.

Thus, without respect to the name, a disease might happen to wear at the time I have had it under treatment, particular indications or symptoms arising, were always most promptly and most happily met by the Wilson's pills.

That so great a number of diseases, and sometimes apparently opposite ones, in which I have used these pills, should be cured more readily by them than by any other remedy, may at first seem strange and contradictory, but why it is so is as clear to my mind as that a great many persons should become thirsty from as many different causes, and yet all require that common and greatest of all blessings, water to quench their thirst.

In conclusion, it is due the reputation of the medicine and the public, to say decidedly and unconditionally, that the Wilson's pills are the only combination I have ever met with in my long course of practice, that really possesses anything curative or specific for sick headache.

Yours &c., DR. MILO ADAMS.

The above Pills designed particularly for the sick Head-Ache, Dyspepsia, Constipation of the Bowels &c., prepared by the proprietor Dr. R. A. Wilson, and for sale, wholesale and retail, at his dwelling in Penn street, below Marbury. Oct 1

DR. GOODE'S *Celebrated Female Pills*. These Pills are strongly recommended to the notice of the ladies as a safe and efficient remedy in removing costiveness, or general debility of the system. PROSPECTUS

For publishing a new Daily Paper in the City of Pittsburgh, to be entitled the

DAILY MORNING POST.

THE Subscribers having made arrangements to merge the American Manufacturer and Pittsburgh Mercury into one Journal, have concluded to publish a daily paper with the title of the *Daily Morning Post*.

The leading object of the "Post" will be the dissemination and defence of the political principles that have heretofore been maintained by the Editors, in their respective papers, and their best efforts will still be devoted to the advancement and success of those doctrines.

Although, in politics, the paper will be thoroughly democratic, yet the Editors hope, by giving an honest, candid history of passing Political events, Foreign and Domestic Intelligence, and brief notices of all matters & occurrences that come properly within the sphere of a Public Journal, to make their paper sufficiently interesting to entitle it to the patronage of the public, irrespective of party considerations.

In addition to the political and general news that will be found in the *Morning Post*, the Editors will take pains to furnish the business community with the latest and most interesting COMMERCIAL INTELLIGENCE from all parts of the country, and to have prepared such accounts of the Markets and the State of Trade as will be advantageous to our Merchants and Business Men in their several callings.

The Post will be published on a large imperial sheet of the paper, (manufactured especially for this Journal) at the unusually low rate of FIVE DOLLARS per annum, payable in advance. It will also be sold by news-boys at the low rate of TWO CENTS a copy.

Advertisements will be inserted at the lowest rates charged by the other daily papers of the city.

TO THE WISE.—It is now well understood how much disorders of the mind depend for their cure upon a due attention to the body. It is now understood how valuable is that medicine which will remove morbid accumulations without weakening the bodily powers. It is now understood that there is a reciprocal influence between the mind and the body. It is now understood that purging with the Brandreth Pills will remove a melancholy, and even insanity is cured by perseveringly using them. It is now understood how much domestic happiness depends upon the healthy condition of the digestive organs.

It is now well known that the Brandreth Pills have cured thousands of hopeless and helpless persons, even when the first physicians had pronounced them beyond all human means of relief. It is now not only well known that the Brandreth Pills so cure, but it is also understood how they cure; that it is by their purifying effect on the blood that they restore the body to health.

The value of the medicine is becoming more and more manifest, it is recommended daily from family to family. The Brandreth Pills remove in an almost imperceptible manner all noxious accumulations and purify and invigorate the blood, and their good effects are not counterbalanced by any inconvenience, being entirely composed of vegetables they do not expose those who use them to danger; and their effects are as certain as they are salutary; they are daily and safely administered to infancy, youth, manhood, and old age, and to women in the most critical and delicate circumstances. They do not disturb or shock the animal functions, but restore their order and establish their health.

Sold at Dr. Brandreth's Office, No. 93, Wood street, Pittsburgh. Price 25 cents per box, with full directions. The Pills can be obtained, if the Doctor's own office, No. 93 Wood street. sep 10

EXTRAORDINARY CURE OF RHEUMATISM DIARRHŒA, AND AFFECTION OF THE LUNGS

JOHN SHAW, of Pembroke, Washington county, Maine, being duly sworn, says, that he was taken violently sick about six months since. The pains in his head, breast, back, left side and instep being so bad that he was unable to help himself, and was taken into the Chelsea Hospital five weeks, Doctor Otis said he did not know what was the matter with him, and that he could do nothing for him, nor could he prescribe any medicine that he, therefore, was conveyed from the Chelsea Hospital in the Sailor's retreat on Staten Island. That he was there physicked with all sorts of medicine for a period of four months, suffering all the time the most heartrending misery.—That, besides his affection of his bones he was troubled much with a disease of the lungs; some times he would spit a quart of phlegm in the day; besides this affection he had a bad Diarrhœa, which had more or less attended him from the commencement of his sickness. That at times he dreaded a stool worse than he would have dreaded death; that he can compare the feeling to nothing save that of knives passing through his bowels. After suffering worse than death at the Sailor's Retreat, on Staten Island, the doctor told him that medicine was of no use to him, that he must try to stir about. At this time he was suffering the greatest misery. That his bones were so tender he could not bear the least pressure upon the elbow or upon the knee, that his instep was most painful, that as the Doctor said he would give him no more medicine he determined to procure some of Dr. Brandreth's Pills, which he did, from 241 Broadway New York; that he commenced with five pills, and sometimes increased the dose to eight. The first week's use so much benefited him, that the doctors, not knowing what he was using, said, 'now, Shaw, you look like a man again; if you improve in this way, you will soon be well.' That he found every dose of the Brandreth Pills relieve him, first they cured him of the pain when at stool; that they next cured the diarrhœa, and finally the pains in his bones;—That the medicine seemed to add strength to him every day. He told the doctor yesterday the 11th instant, that he felt himself well, and also, that he owed his recovery to Brandreths Pills under Providence, that he had taken the medicine fevery day for 19 days; that the doctor told him if he had known he had been taking that medicine, he should not have stayed another day in the house. He considers it is his duty to make this public statement for the benefit of all similarly afflicted; that they may know where to find a medicine that will cure them. JOHN SHAW.

John Shaw being by me duly sworn this 12th day of April, 1842, did depose and say that the foregoing statement is true. J. D WHEELER, Commissioner of Deeds.

DAILY MORNING POST.

State Democratic Convention.

PENNSYLVANIA AND BUCHANAN.

DECIDED EXPRESSION OF THE PEOPLE'S WILL!

[CONCLUDED.]

Pennsylvania has also contributed to Art and to Science, some of their proudest triumphs. 'Pennsylvania is the State of the lightning rod and the steamboat,' Such names as Franklin, and Fulton, and Rittenhouse, are not the productions of every century; and we in Pennsylvania, rejoice to know, that the first spent almost his entire life in Pennsylvania, and the two last were the offspring of our noble commonwealth.

The position of Pennsylvania is one that is beautifully
