Uon of the new Water Weeks.

WHEREAS, the Line Councils have at various times authorized an expenditu e of more tian one hundred and eighty thousand dollars for the purchase of sites and construction of buildings, machinery and other apparatus to complete the new Water Works, of a sufficient extent to furnish the increasing population of and arrivals and departures of sta monds daily, ter, not only for domesticuse and manufacturing pur of of April next. ses, but also for the speciety and effectual extinguishment of fires, thereby contributing in a great degree to the se lubrity of the City, and the prosperity of its inhabitants

Whereas, the amount expended has proved inadequte to the completion of this important work, which according to the estimate of the Superintendent, will yet require the sum of forty thousand dollars to render the previous investment available for public use, and to liberate the property owned by the City, and now occupied by the old Water Works and which will, when sold, furnish the means of considerably reducing the debt of the City And If hereux, the present situation of said works renders it necessary that considerable exertions should be made and sacrifices incurred so that their completion may be accelerated. Therefore SEC. I. Be it ordained and enacted by the citizens of taburgh, in Select and Common Councils assembled That for the purpose of completing the new Water Works the Mayor of the city be authorized to borrow the sum of forty thousand dollars, and to issue certificates for the same under the seal of the Corporation, of the amount of one hundred dollars or more, bearing an interest of six per cent, per annum, which interest shall be payable

at the Treasurer's Office, in his presence, and shall not be redeemed without consent of the holders before the first SEC. II. Be it ordained &c., That if any of the conractors or laborers employed on said Water Works, shall prefer to have the amount owing to them for work done or materials furnished so paid, then the certificates for the loan herein auti orised may be issued for the same sums in the same form and manner, subject to the same regulations and redeemable in the same manner as is dicied in the Ordinance of the 4th June, 1841, to which this Ordinance is supplementary.

SEC. III. That in addition to the duties devolved upon the city Treesurer and the Committee on Water, by the said Ordinance of 4t. June, 1841, in relation to the cer
