INDUSTRIAL ASSOCIATION

We will in a few days publish some tartling facts on the subject of labor se ing machinery-facts which will satisfy every thinking man that in the present organization of society, it is a curse, and that t can be rendered a blessing only in Association. We sarnestly ask the attention of all kinds or people to this subject.

For far that some might be disappoint. ed, we will state that there will be no meet-12,00 ing this evening at the Old Court House, 13,00 as stated by us a few days ago.

Due notice will be given of our meete ings. We want every person to attend. ASSOCIATION.

Fourier's Scheme vs. Our Scheme. The difference between the scheme of Industrial Association, as advocated by the Fourierists of New York, and that proposed by the friends of Association in this city, is material, and deserves a brief notice in this column. The grand abject of pain them; and can have their shors wear twice as long our friends in New York and ourselves is will make leather water proof, and render it as plinble the same, the difference being in the details of organization. We proceed to no-

tice a few points. Fourier's scheme provides for a large ? and elegant Edifice, composed of a centre, two wings and two sub-wings,' to be etacthem all the members are to live, each family in a separate apartment. In out scheme, WILLIAM ELDER, Attorney at Law; Office in each man has his own house, built in the Bakewell's Buildings, scarly opposite the New centre of a small flower garden, in which DITTSBURGHCIRCULATING AND REPERENCE he lives, preserving his family relations as

by ties of mutual interest. In Fourier's scheme, the property of tman, of Yale College, to deliver in our city, a full course of lectures on Geology; also with Joseph R. Buchanan, of Structures on Geology; also with Joseph R. Buchanan, on Neurology. Other content. Lectures are the content of the
