DR. FRANKLIN SAYS: "All acute fevers ever require some evacuation to bring hem to a perfect crisis and solution, and that even by stools, which must be promoted by art when mature foes not do the business itself. On this account, an ill timed scrupulousness about the weakness of the body is of bad consequences; for it is that which seems chiefly to make evacuations necessary, which nature attempts after the humors are fit to be expelled, but is not able to ccomplish for the most part in these diseases; and I can affirm, that I have given a purge when the pulse has been low that it could hardly be felt, and the debility exreme, yet both one and the other have been restored by The good effect to be derived from the Braudreth l'ills have to be experienced to be fully believed. By their timely use neither the scarlet, the typhus fever of so all pox would ever assume their malignant form.
To appreciate to the full extent the incalculable bene

ent day, will say anything of those diseases which affect the body when the blood is pure. Such diseases I have Honing that some who read this may be be I am respectfulty.
