Printers, work. men in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to themse according to the strength of their constitution. The only method to prevent disease, is the occasional use of a modising which obstracts from the strength of their constitution. medicine which abstracts from the organization all deletefous humors, and expels them by the howels. Tonics in any form are injurious, as they only out off the evil day to make it more fatal. The use of Brandreth's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist cature, and are not opposed, But harmonize with her.
