VITO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE. -This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, workmen in feather stores, stone cutters, bakers, white load manufacturers, are all more or less subject to disease acnording to the strength of their constitution. The only method to prevent disease, is the occasional use of s medicine which abstracts from the circulation all deleterious humors, and expels them by the bowels. Tonics in any form are injurious, as they only put off the evil day to make it more fatal. The use of Brandreth's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and are not opposed, but harmonize with her. INTERESTING CURE performed by Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry. Having made use of this invaluable Syrup in my family, which entirely cared my child. The symptoms were wheeling and choking of phlegm, difficulty of breathing, attended with constant cough, spasms, convulsions, &c. of which I had given upall hopes of its recovery until I was advised to make trial of this invaluable medicine.
