

In order to give our readers a complete report of the interesting proceedings of the Irwin Dinner, we are compelled to omit our usual variety of editorial matter, news, etc.

New Auction Law.—We refer the public to Messrs Fahnberg & Co.'s Auction advertisement. Mr. F is a man of business, and having been engaged in Mr Guthrie's extensive auction establishment for the past year he has a perfect knowledge of the business, and will not doubt be able to render entire satisfaction to all who may transact business at his store.

Prof. Bronson's Lectures.—As will be seen by his advertisement, this is the last week of Professor Bronson's entertainments at the O'Connell. The charitable will be gratified to observe that it is the intention of Mr. B. to appropriate the proceeds of Monday and Tuesday evenings to the benefit of the poor.

"Aristocracy Row."—Two of our morning contemporaries have announced that Aristocracy Row is to be demolished, and in front of the fate of poor Edith Sam. It really looks queer to see editors take such an interest in the affairs of that spot.

Temperance.—The Temperance fever is getting up again. From twenty to thirty names are added to the pledge book each night of meeting. This is doing a good business considering the material they have to work with, the regular drunkards having all been picked up last season.

Hon. W. W. Irwin.—We learn that this gentleman leaves this afternoon for the city on the way to his place of destination in the old world.

Stupendous Theft.—The Pittsburgh Morning Post has laid claim to the comet, and talks a little about the "Pittsburgh comet" as Captain Tyler does about his constituents.—Gin Eng.

It is indeed strange if we have not as much right to the comet as Cincinnati has to all the mobs, earthquakes and sights in the skies.

Melancholy.—A child about 4 years old took a fit on last Saturday, in Diamond street, opposite Mr Ferguson's shoe shop. It was carried by the fireman, Mr Mackey, where it expired in a short time.

Bank of Cairo.—The Peoria Press says that this crisis concerns an assignment of all its property, estate and effects in the early part of last month, and that arrangements are being made to redeem its notes now in circulation, at par, in payment of property now at Cairo—that city being the principal debtor to the bank. This may all be very true, but we reckon that those who hold small accounts of its notes will never see the day of redemption for them. If the bank has any property, it may be that some of the larger bugs will fight upon it, and there the matter will end.

It is worthy of remark that some of those who managed the Cairo Bank while it was swindling the public, are now strong advocates for the assumption scheme of W. Cost Johnson. Although the public have not heard of the Cairo Bank we have no doubt but the managers made sufficient to enter largely into the speculation that the Johnson swindling project would afford.

Legislature.—Our news from Harrisburgh is only up to Thursday last. A bill from the Senate for dividing the State into Senatorial and Representative districts passed the house on Monday with slight amendments. It is supposed that the Senate will agree to the amendments and it will become a law. Allegany and Butler elect two Senators, and it gives Allegheny four members. We will publish the bill tomorrow.

The National Intelligencer of Thursday says:—The report of the shooting of five men on board the U. S. ship John Adams cannot be true. It had its origin probably in the fact of the John Adams having received on board from a whaling ship five seamen, charged with mutiny.

We have seen another report also in circulation of Captain Voorhes, of the Navy, having shot Lieutenant Boyle. This report is certainly false, and probably has its origin in the fact that the John Adams was captured by the accidental discharge of a firearm, in consequence of which it is said to be in its return home.

The Baltimore Patriot, in speaking of the latter report, says:—The rumor which is abroad, is to the effect, that Capt. Voorhes, who is in command of the frigate Congress in the Mediterranean, had some difficulty with one of his midshipmen, and in consequence of some violent inordinate language, fired a pistol at him, the ball of which struck the midshipman, and glanced and struck another.

A letter from Gen., of the 24th ult., which states that Lieut. Boyle fell through the U. S. States on the 27th January, makes no mention of any such affair; and as this letter is about as late news as could well be received, it is concluded that the whole rumor is unfounded.

Painful and Improbable Rumor from Washington.

The Philadelphia Record of the 30th ult. has the following rumor from Washington: "Quite an excitement was produced in the news circles of our city last evening by the arrival of the painful, and as it seems to us, an improbable rumor from Washington. The story runs thus:—That on the decision of the Court Martial in the case of Capt. McKenzie, a Cabinet meeting was held for the purpose of discussing the matter. The decision was found to be favorable to McKenzie. That in the course of the Cabinet debate, the Hon. John C. Spencer, late Secretary, and father of the Secretary of the Treasury, and who had resigned his office, and who had been appointed to the position of Secretary of the Treasury, the alleged mutineer, said that if Com. McKenzie were not dismissed from the navy, he (the Secretary) would resign his place in the Cabinet; that the Hon. A. P. Upshur, now Secretary of the Navy, said that if McKenzie were forced to resign, he would instantly abandon his place in the Navy Department. Whereupon, so proceeds the improbable narrative, high words ensued, the parties became excited, and a personal collision took place, in the course of which, Mr. Spencer was somewhat injured.
