# DAILY MORNING POST.

APRIL 6, 1843.

☞Don't forget the meeting to day at the new Court House.

*Industrial Association.*—The Iron County Democrat, Blairsville Record, and others papers have published the Constitution of the "Exchange Company."

*Found.*—The Chronicle says that the body of Van Oridallan, who was drowned on the 24th of last January, was found on last Wednesday at Beaver.

*Canal Navigation.*—The first boat by way of the Canal, arrived at Harrisburg on the first inst. The Reporter says that the eastern division of the Canal is in first rate order.

*Who is the "Immortalized" one?*—Some grave legislator has "immortalized himself in eternal glory," if the Lewistown Republican is the right sort of authority in the case. That paper thus apostrophizes a recent act of the "fathers of the State." Who is this mortal saint!

"Both Houses of the Legislature on the 24th instant, passed a resolution for a final adjournment on the 18th of April. This will be considered REFORM enough by the people for this session. The member who offered the resolution has immortalized himself in eternal glory."

*One on 'em.*—T. G. Booth, the inimitable vocalist sings a song called the New York Newsboy dressed as the great 'Dutch.' In the speaking parts between the verses he gets off some 'rich licks' worthy ourself or Bennett. He asks, 'Why am I a greater man than Atlas, the chap *what* carried the World?' 'Cause I carries Atlas and the World, both!'

We learn from a Philadelphia paper that quite an animated discussion arose lately between two prisoners in a cell in one of the prisons in that city, relative to three beans having been found in their soup the other day; one continued it was a proof of the truth of Millers prophecy, which the other denied; but both agreed upon eating a bean apiece, and tossing up a copper for the third.—'Great country, this!'

A man that would call every thing by its right name would hardly pass through the streets without being knocked down as a common enemy.—[Some person.

Thomas W. Dorr is at present in Boston.

The western Rail Road Company, Massachusetts, have paid over thirty five thousand dollars to keep their track clear of ice and snow during the past winter.

The schooner Henrietta sailled from Charleston, S. C., on the 25th ult. for Baltimore, with a draft of forty men, for the naval service of the United States under charge of Lieut. Wingate.

The Lexington and Frankfort Railroad, in Kentucky, has been leased by the State to Swigent and McKee, for seven years at $20,000 a year.

There was a fall of ten inches of snow at Memphis, Tennessee, on the 16th ult. Such a thing was never heard of in that region.

Ex-Governor Isaac Hill, of New Hampshire, is in Washington.

*Death of an officer.*—Major Joseph S. Nelson, of the 7th Regiment U. S. Infant ry, died at Tampa Bay on the 27th o February.

*Humbug.*—An honest man on his guard will beat any humbug; for he lets humbugs humbug themselves into the belief, that they humbug an honest man.

*A Mother's Pride.*—A girl of fifteen who knows how to make a noise on the piano, who wears more on her head than she ever earned, and has a——bale of cotton on her back!

*An Affectionate Wife.*—"Pooh, pooh!" said a humane lady impatiently to her expiring husband, as he strove to give her a few words, "don't stop to talk, but go on with your dying!"

*Execution at New Orleans.*—Joseph Tricotti, convicted of arson and burglary, was executed on the 24th ult., in front of the Parish prison. Several thousand persons were present but very few of them females, and those of the most abandooned character. The Morning Herald says:—From the culpable negligence or carelessness of those whose duty it was to render every thing substantial about the scaffold, the steps leading to it broke down, as the Priest, the Executioner, and Tricotti were going up, which precipitated the three to the ground, at the imminent hazard of their limbs. The accident excited a roar of laughter—a pretty comment this upon the benign effect of a public execution.

He declared his innocence upon the gallows, and his last words, after the rope had been placed around his neck, and the Deputy Sheriff had asked him if he had anything to say, were these, as near as we could make them out. They were spoken in a low and tremulous voice. "Gentlemen I am innocent—I was not in the store—I did not set it on fire—I have nothing more to say." The cap was then adjusted, the platform was dropped,

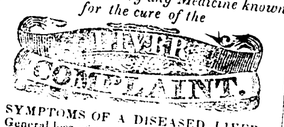
SHINN & SELLERS'
CELEBRATED LIVER PILLS,
*Stand Unrivalled by any Medicine known for the cure of the*



SYMPTOMS OF A DISEASED LIVER.
General loss of appetite, sickness of the stomach, pain in the head, shoulders, back and sides, weariness, with sleepless nights, costive use of bowels, followed in some cases by looseness, slight, dry cough, low spirits, with disinclination to every duty, are prominent symptoms of a diseased state of the Liver. The Liver is, however, often much deranged, when the most formidable symptoms are absent, and becomes sadly out of order before it is known.

This celebrated medicine has been in public use for about seven years, and has acquired a popularity not enjoyed by any remedy before the public. When passed by any remedy before the public. When the directions strictly followed, the proprietor is perfectly willing to refund the money, if no benefit is derived from the use of the pills.

☞As an Anti Bilious or Purgative Pill, they are not surpassed, and should be used in place of the common pills of the day.

The following certificate is from Rev. G. L. Sisson, of the Methodist Episcopal church, and worthy the attention of those similarly afflicted.

Gentlemen—Twelve lines will inform you that during last spring I was affected with disease of the Liver, indicated by the loss of appetite. Being advised to make use of your Liver Pill, I did so, and before using half a box I was restored to my usual health. I feel bound, therefore in conside ation of the benefits I have received from the medicine to recommend it to others laboring under similar afflictions, feeling confident that they will find it a cheap and successful remedy.

Respectfully yours, &c.,
Pitts. Dec, 30, 1842. G. L. SISSON.

*Shinn & Sellers' celebrated Liver Pills not a Quack Medicine.*

The following testimonial from Dr. Pattello, of Portsmouth, Ohio, a graduated physician, and an old practitioner, is sufficient proof for the most incredulous, that Shinn & Sellers' Celebrated Liver Pills, do, and can relieve the afflicted.

Messrs. Shinn & Sellers—Gentlemen—It affords me great pleasure to say that I have made repeated trials of your Celebrated Liver Pills, and find them better adapted to the purpose for which they are designed, (Liver diseases,) than any medicine or combination of medicines I have ever used. They are in great demand here, and act well.

Yours, truly,
R. B. PATTELLO, M. D.
Portsmouth, Ohio, Jan. 15th 1836.

*Read the following testimony and disbelieve if you can.*

Carmichaeltown, Greene co. Pa.
Sept. 20, 1842.

Mr. R. E. Sellers—For several years I was the subject of a most unyielding attack of the Liver complaint. It would be useless for me to attempt to give you an account of my suffering, as it could only be felt, not described. But such was the severity of my disease, that for days and weeks together, I knew not whether I should ever recover my usual health.

I continued in this wretched condition, until the Christian Advocate fell into my hand and upon comparing the symptoms of a diseased liver as given in the advertisement with my own, I found that they corresponded in nearly every particular. From that circumstance I was induced to try your justly popular Liver Pills, and you may be assured it is with the greatest pleasure that I inform you that the Liver Pills have been of more service to me than all other remedies I have ever used, and I now enjoy better health than I have done for the last eight years.

Signed, MARY HORNER.

*Pittsfield, Warren co. Pa., Dec. 24, 1841.*

Messrs. Shinn & Sellers:—I enjoy reasonable wealth at present, and I must say that I have derived more benefit from your pills than from any other medicine, and I believe them to be the best pill we have ever had in this part of the country. When in Pittsburgh last Spring, I bought a half dozen boxes of your pills, and when I reached home I found my wife very ill, with the doctors attending her.—The disease did not abate until I gave her several doses of the Liver Pill; since that she has gained much, and is now able to attend to her usual work I am out of your pills, and desire you send me half a dozen boxes by mail; the half of the last lot were distributed amongst my neighbors. I have bought your pills now for three years and shall continue to do so as long as I run lumber to Pittsburgh, as I consider them the best pill that has ever come before the public.

Yours, truly,
JOHN BROWN.

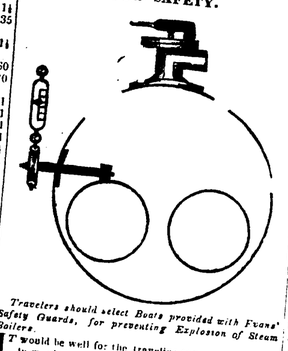
NOTICE *to Steam Boat Owners.*—The subscriber, in consequence of the difficulty of the times, has reduced the price of his *Safety Guard for the prevention of the explosion of steam boilers*, to $150 per boat.

It is hoped that all boat owners will avail themselves of these reasonable terms, not only on account of the perfect safety they afford, but also in point of economy. Boilers with the apparatus attached will wear about twice as long as those not provided with them.
March 6—3m C. EVANS

FOR SAFETY.



*Travelers should select Boats provided with Evans' Safety Guards, for preventing Explosion of Steam Boilers.*

IT would be well for the traveling community to bear in mind that their security depends entirely upon their own encouragement of boats that have or may be at the expense of procuring the above apparatus. And that every individual making such selection is contributing towards a general introduction of an invention admitted by all men who understand the principles of the Steam Engine, to be a sure preventative against those dreadful disasters. You have recently, to the hundreds of explosions that have already taken place, their almost daily occurrence, and the thousands of lives that have already been lost, a sufficient warning, and inducement to make inquiry for a Safety guard Boat, and in every case to give it the preference. They have went to an additional expense that your lives may be secure Ought you not therefore to meet them with a corresponding degree of liberality, and by your preference show that you appreciate their laudable endeavors to stop this awful sacrifice of human life. They do not charge more than other boats; their accommodations in other respects are equal, and in many cases superior; and as there is one leaving Pittsburgh every day, why will you run any risk, when it is so easy for you to avoid those disasters.

All boats marked thus [*] in the List of Arrivals and Departures, in another part of this paper, are supplied with the Safety Guard.

BRANDRETH'S PILLS,
SECURED BY LETTERS PATENT OF THE UNITED STATES,
THE METHOD OF PREPARING THE
BRANDRETHIAN VEGETABLE EXTRACTS

Caveat entered 9th June, 1842—Patent granted to Benjamin Brandreth, 20th January, 1843.

The extracts of which Brandreth's Pills are composed are obtained by this new patented process, without boiling or any application of heat. The active principle of the herbs is thus secured the same as it is in the

LIVING VEGETABLE.

The Public should be cautious of medicines recommended in advertisments stolen from me, in language, merely altering the name. Time will show these wholesale deceivers in their true light.

THE MEDICINE OF THE PEOPLE.

☞BRANDRETH'S PILLS are the People's Medicine, proved by thousands who daily recommend them to the afflicted. The BRANDRETH PILLS are growing every day more popular, their virtues are extending their usefulness. The sick of both sexes are daily deriving benefit from them. No case of disease but they can be used with advantage. Blotches or hard lumps of the skin they speedily cure, so with erysipelas, so with salt rheum, so with indigestion, so with coughs and colds, so with costiveness, so with cancer, so with hot patched lips and canker in the mouth. Let the afflicted use this medicine, and they will find they require no other.

Sold at 25 cents per box, with directions.

Observe the new labels each having upon it two signatures of Dr. Brandreth. So each box of the genuine has six signatures—three Benjamin Brandreth with his own hand and three B. Brandreth upon it.

The ONLY PLACE in Pittsburgh where the REAL Brandreth Pills CAN BE OBTAINED, is the Doctor's own Office, No. 93 Wood street, between Fifth and Diamond Alley, *Mark*, the GENUINE Brandreth Pills can never be obtained in any drug store.

REVENUE CUTTER FOR THE LAKES.
TREASURY DEPARTMENT,
Washington, 16th March, 1843.
SEALED PROPOSALS will be received at this Department, until the 17th of April next, for building the Hull of an Iron Steamer, to be used as a Revenue Cutter on Lake Erie, of the following dimensions, viz, one hundred and forty (140) feet on deck, twenty-three (23) feet beam, and ten (10) feet hold. Model, drawings and moulds for building to be furnished by the Department. It is expected that these boats will be built in reference to Hunter or Ericson's Propeller. The Iron used in construction must be American, and of the very best quality; and is to be painted with two good coats of red lead, (one before the work is put up and the other after it.) The whole of said Iron work shall be weighed, previous to its being finally put together; payment will be made according to this nett weight per pound, including coal bunkers, water tanks and gutter. The chain plates, bobstays and all iron work necessary to the hull, spears, rigging, sails and guns will be included in the proposals, and the price for such work will be separately stated. A spar deck of white pine, 4 by 6 inches to be laid, secured from underneath, with the screwed screw bolts 24 by 6 inches, spiked and bolted to the berth deck, caulked and planed. Berth deck of ash or yellow pine, so caulked and planed. Ceiling plank of white oak to the flooring heads, 5 inches thick, thence yellow pine, 4 inches thick, to the lower deck clamps, all of which will be estimated by the square superficial feet. The materials and the work to be inspected by such officer as the Secretary of the Treasury may appoint, and the work to be done according to the direction of the superintendent. The vessel to be completed within six months from the day of delivering the models and plans of building.

The workmanship to be inspected, previous to delivery, by two competent judges; one to be chosen by each of the parties of the contract, who, in the event of their disagreement, shall select a third, who are to determine whether the work has been executed in all respects, according to the proposal and agreement.

PROPOSALS FOR STEAM ENGINES, &c.
TREASURY DEPARTMENT,
Washington, 17th March, 1843.
SEALED PROPOSALS will be received at this Department, until the 17th April next, for six steam engines, boilers and propellers, constructed upon the plan known as "Hunter's Plan," two (2) of said engines, boilers and propellers to be delivered on Lake Erie, as designated by the Secretary of the Treasury; the others as such place or places on the sea coast, as the Secretary of the Treasury may direct, also, two (2) engines, boilers and propellers upon the plan known as "Ericsson's Plan," to be delivered at some place on the sea coast, as the Secretary of the Treasury may direct. The engines, boilers and propellers to be made of the very best materials, to bear the proof of inspection of such person or persons as may be selected by the Secretary of the Treasury. The boilers to have not less than seven hundred (700) feet fire surface; working pressure, eighty (80) pounds to the square inch; proof, two hundred and forty (240) pounds. Six eighteen inch cylinders, with three (3) feet stroke. The whole to be delivered as directed, within five months from the time of receiving the drawings and plans of building. The proposals will state the price for which the engines, boilers and propellers will be delivered and put into complete operation. But as the application of the engines working to either of the said plans is a *patent right*, the proposals will also state the price asked, *including* the authority to use the patent right, and also the price exclusive of said authority.
