Dragged by the united distress, fall below the point of exemption, strength of a thousand human bodies, And yet the undeveloped resources of 11- immolation. Multitudes rush from time which have appeared in our city papers, montree for removing the Double. Court of Arkansas, in delivering their line are almost boundless. The state is to time to prostrate themselves under its we were at first inclined to regard it as this as it may, we feel certain that the Court of Arkansas, in delivering their lines are almost boundless. The state is to time to prostrate themselves under its we were at first inclined to regard it as the Smithfully Committee II will take onlines in the case of Course and others. and that of the other half a small number priests, victims, bramins and faqueers, its larger than England and Wales. By the wheels, which crush them to atoms in a Mississippi it is connected with the Gulf noment. Others cut themselves with of Mexico, by Lake Michigan with the St. knives and dre the car and its line of pro-Lawrence; and it has a most extensive in gress with streams of blood; while their Lawrence; and it has a most process with streams of blood, with delight at the to regard it as Utopian altogether. The ternal navigation, by means of soveral do trantic relatives should with doing a domain of ble rivers. The climate of that state is heart rending spectacle. Mothers cast their Sylvanians intend purchasing a domain of ble rivers. The character that state is heart remains speciality of the sanguinary five or ten thousand acres of land, to ormild; it contains, I suppose, a large body of infants into the track of the sanguinary five or ten thousand acres of land, to orland, not merely cultivable, but highly for procession, and then turn to watch the tile, as can be found lying together in the wild and wanton dance of the Alwaps, of mineral wealth; it is situated about in the silver bells that tinkle round their arts. Their main object is to provide con-United States; it abounds in various kinds clapping their hands and keeping time to the centre of a horizontal field of bitumin elight ankles, while their little ones writhe

ous coal, which Mr. Lyell pronounced the in the agonies of death, other day to be as large as Great Britain; From this diabolical idol worship the and it is inhabited by an industrious, frus British government derived, and we begar, interngent people, most reprose the such a people we have given the above sketch, that this ent, time, and the kind of work done; and an immense wild boar was recently killed ent, time, and the kind of work done; and an immense wild boar was recently killed will for any length of time submit to lie un. Christian country may know what they der the reproach and bear the loss incident gain in charreter when they are called upto a total prostration of public credit I can on to rejoice in the restoration of the Temple of Somnauth .- London Atlas.

"I say, gentlemen, the less as well as never believe. the reproach, for wide-spread and severe as has been the suffering in this country, JARES BUCHANAN caused by the default of some of the states, our own losses, public and private, I helieve to have been greater. The states themselves, as governments, have experienced the greatest embarrassments from TES. PHILLIPS & WM. H. SMITE, EDITORS AND PROPRIETORS the sudden destruction of credit (extending alike to those states which have and those which have not honorably and promptly met their obligations:) that credit on which sione, in some instances, they depended for the resources necessary to complete and render productive their public works. The general government of the United

lic Works, has had a favorable effect on the state stock in the Philadelphia market. The of more than 200,000,000 of dollars, has day after the passage of the bill had been found itself unable to negotiate a wifling announced, five per cents, which were sold bean in this great metropolis of the finanthe day previous at \$40, rose to 45, and cial world, whose superahundant capital, before the board closed some sales were but for the default of some of the states, made for \$46. This indicates something would have continued to be for those states themselves, and for individuals, a vast gold more mine of unexhausted capacity. In addi- it shows with what avidity the stock spection to these public embarrassments pri- ulators would seize on the public improvevate fortunes almost without number have been destroyed in the general wreck of which the failure of the States, as cause as effect, is one of the principal elements. I doubt, if, in the history of an unfortunate day for Pennsylvania, when the world, in so short a period, such a the main line of her improvements is surtransition has been made from a state of as in the United States within the last 6 for not a tithe of what they have cost, and years. And yet, gentlemen, the elasticity leave the balance of our immense debt to and power of recovery in the country are be wrung from the people by taxation. great beyond the conception of those who do not know it from personal observation. which I have alluded, a private commer. It will, like the U. S. Bank—only with cial debt to this country, estimated at more power to accomplish its purposetwenty five millions of pounds sterling, declare open hostility against the State, if
