it is awakened in the morning (about four ral ceremony. o'clock) until the Mill stops in the evening, and if his heart does not melt within him, misery that is caused by the present system favor by giving them work! What sage few days since. political economists some folks are, to as-

Sunday last, brings accounts of more out- the loss. rages on American vessels by British boarding officers. The Register states that the Capt. of the Ceylon reports that the barque Roderick Dhu, of Providence, Capt Richard T. Sims, of Salem, was at Accra, December 10, to sail for windward coast .-Capt. Sims had been boarded by an offin cer of H. B. M brig Spy, and treated in a most shameful and insulting manner, in asmuch that Capt. S. had felt bound to • make a representation of the case to the The six scholars to whom the first Frank-British commandant of the station. Capt lin Medals were given at the North school he had been arrested on suspicion. The pended upon the principle to which we Sims' statement was fully corroborated by in Boston, Mass. in 1793, fifty years ago, particulars which he gave concerning the refer, and of course we are enabled to tesan English gentleman, a passenger with were all alive last week. him at the time. The same officer board. A negro woman has been sentenced to ed the Ceylon the day after, and Captain be publicly whipped at New Orleans, for Dayley states that he was sottish in his p lelling a white lady to leave the street and pearance, he would not invite him into his wash the paint from her face. cabin. The officer, however, did not wait | The Society in New Orleans for the for an invitation, but when Capt. D. went prevention of cruelty to animals, has late for his papers as demanded, followed him iv copriated fifty two cents for the purinto the cabin of his own accord.

A second Putnam .- At a panther hunt in Sullivan county, Maine, on the 12th instant, one of the animals was shot in his den, the entrance of which was too small for a man to crawl into it. A lad, named William Lane, armed himself with a Spanish dirk and hunting axe, and in he crept, and soon buried the axe in the head, and cut the throat of the ferocious beast, which quickly put an end to his struggles. He then hauled out the panther, which measrated 9 feet 7 inches from his nose to the end of his cail.

boat six hundred feet long, to run between week. Troy and New York city. It is expected | Governor Kavanaugh has ordered an

American works in England .- It has been a common expression with the English, "Who reads an American Book," and this feeling of contempt for the productions sneers of the Europeans. But it is now eving up in England in relation to the writings of Americans, and we think the day prices but a shads above." is not far distant when the works of Amerbelieve in Millerism, but we think that there | ican authors | will be | sought | for with | as | is something to take place of equal impo - much interest in England, as we have for Picayune dated Havanna, April 6, 114; lance to many, though it cannot all be merly desired the books of English authors consummated in one day or one year - in this country.
