F. I. SNOWDEN, 148 Liberty st.

THE PUBLIC, and particularly to my former patrone of this city: - Having retired from the patrone of the etty:—naving retired from the practice of Medicine. I may be permitted to say, that it is a tallen to the lot of tut few persons to have enjoyed so thereal or large a share of obstretural practice as any own has been for the tast 30 or 40 years.

The environment of that he married of certire life and the The experience of that long period of active life, and the fact of my having been twice, since 1830, associated with Dr. R. A. Wilson, in the practice of medicine, (in both a period of five years.) enables me to judge fully of the nerits of his pills. So convenient, so efficient, and yet so safe, did I esteen these pills, that for the last five years in my practice for the cure of chronic diseases, of whatever name, and those females in particular, I have used more of them that

Like every other medicine, this must full in some in stances, but in my hands there has been less disappoint, ment and more satisfaction. In the administration of this one remedy than of all others; its good effects sometimes quite astonishing me.

If my patient required a safe aperiest medicine either fore or after parturition, the Wilson's puls were just the thing I woulded. If a dyspentic acid condition of the stomach, combined

lisease of my patient, the pills were just the thing 1 If patpliation, headache, flushed countenance, or other Mills, &c., the same prices as above. If palpitation, headache, flushed countenance, or other difficulties, indicating a disturbance of the circulatory and secretory systems, annoyed my patient at the sturn of life, the Wilson's pills were just the thing I wanted.

Thus, without result to the name, a disease might happen to wear at the time I have had it under treat ment, particular indications or symptoms arising, were mentally made most happen to the particular indications or symptoms arising, were districted and the latter of the particular indications of symptoms arising, were districted and the latter of the particular indications of the circulatory and most have a discussion of the counter scales, while for from 8 to \$15.

They also manufacture Steam Engines for Flouring Mills, Saw Mills, Sait Works, \$c., double and single geared slide latters for temporary characteristics.
