All, therefore, who desire information on so esset the second of science (and who does mifuge preferable to any I have ever seen or used about the second of science and the second should strend the second secon nor) should attend these Lectures, as they -there is no other used in this part of he country may never have another opportunity of en- when it can be procured—four and five hundred joy ng so rich a treat. Philological Institute. JOSIAH KING, Esq., will deliver the Fifth Monthly Lecture before this Society. Mr.

King is entirely competent to make a discourse that will be interesting an I instrucve no common share of intellectual power and sive. He is a deep thinker, and possess while his active and industrious busines; nabits, give him advantages for ab taining practical knowledge which he has suried to good account. We hope to see his lecture well attended.

Strikes Strikes, the terror of oppress its, are losing their novelty now a days, they are becoming so common. Hardly a day passes that we do not hear of a "turn out" for higher wages, or against the "order so ssem," by the workingmen of some branch or other. So far as we have learned, in
