Third Concert .- Frank Johnston & Co. give their third Concertthis avening at Phis io Hall. It is unnecessary to say any Evans safty Guard. thing in their praise. The announcement id mifficient to cause a full at endance.

Theatre .- We refer to the bill for to-night it is a good one, and in the hands of a good cast.

The Strikes. persons are endeavoring to convisce the working men that the course they are now pursuing will injure themselves more than their employers.

As we have already conferred, all strikes for more wages or better money than the market affords will be injurious to the working men but in the present case, the strikers ask nothing more than they should thave, and will get, if they hold out. It is indeed a hard case if employers are

sprivileged to "strike" against their work men, to tell then, to take less or quit work, when a depression conies on, and then prevent the workmen from demanding h little more when the times revive. Did employer ever voluntily raise the the amount of their weekly pittance. The forced to remove to the bluffs. "hose" carpenters of Allegheny have gielded to the demands of the 'jours," and raished without striking! Never.

Has ever any coll been, or is any likely to be; done by the numerous strikes that have occurred in this city and vicinity!-We hear of none, except it be that the employers are compelled, at some incon. vanience, to pay good money to those wan can their wealth. Until some new, supremial argument is furnished, we shall atil urge mechanics to "strike while their irbs is hor."

THE CARPENTERS.

Testerday the Journeys en Carpenters prinded the streets of Allegheny and Pittabufgh, accompanied by music, with and banners, bearing appropriate ins seriptions.
