INTERESTING CURE performed by Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry. Uaving made use of this invaluable Syrup in my family, which entirely cared my child. The symptoms were wheezing and choking of phlegm, difficulty of breathing attended with constant cough, spasms, convulsions, &c of which I had given upall hopes of its recovery until I was advised to make trial of this invaluable medicine.

After seeing the effects it had upon my child, and concluding to make the same trial upon myself, which enirely relieved me of a cough that I was afflicted with for many years. Any person wishing to see me can ca at my house in Beach Street, above the Market, Kensington.
