TNTERESTING CUR E performed by Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry. Having made use of this invaluable Sycupia my family, which entirely cared my child. The symptoms were wheezing and choking of phlegm, difficulty of breathing attended with constant cough, spasms, convulsions, &c of which I had given upall hopes of its recovery until I was advised to make trial of this invaluable medicine. After seeing the effects it had upon my child, and concluding to make the same trial upon myseif, which enirely relieved me of a cough that I was afflicted with for mony years. Any person wishing to see me can ca at house in Beach Street, above the Market, Kensington.

Dr. SWAYNE'S SYRUP OF WILD CHERRY. We call the attention of the public to the numerous certificates which have been in circulation in our paper and some others of this city, highly recommending Dr. SWATE'S Compound Syrup of Wild Cherry .- We have seen the original certificates, and have no doubt but they come from truly grateful hearts, expressive of the benefits which they have received from that valuable compound. We have acquaintances who have frequently used the ve medicine, who can speak with confidence of its virttes.—Saturday Chronicle.

FELLOW CITIZENS:-With sincerity I would advise you, one and all, both sick and well, always to have a bettle of Dr. Swayne's Compound Syrup of Wild Cherry in your house—it is invaluable in cases of emergency, such as Spitting of Blood, Asthma, attacks of violent Coughing, which is often the cause of spitting of blood. Violent Nervous Affections, which occasionally come from fright, and various other causes, producing great den colds from improper exposure, which are often let run to an alarming extent, for want of means being ready at hand; -and as I have used for SWAYRE'S Compound Syrup of Wild Cherry repeatedly in my family, and always with marked success-I can recommend it with confidence as being one of the best family medicines which has ever been offered to the public.—Saturday Chronicle.
