MORNING POST.

JUNE 30, 1843.

☞A meeting of the "Trades' Union" will be held on Friday evening, at Liberty Hall, corner of Wood and Fifth streets.

THE TRIAL OF THE WHEATLEY'S.—Our weekly of to-morrow will contain the report of the Trial of these persons, as far as it shall have progressed up to the time going to press.

The Italian Opera.—For the first time, the citizens of Pittsburgh will have an opportunity of hearing and seeing the performence of a Troupe of Italian Singers. They will play Norma this evening. The connoisseurs of the Italian language and music in this city, must have deeply felt the deprivation they have suffered in not having such amusements as are now prepared for them, long ago. They listened with perfect rapture to the notes of Mad. Maroncelli, and seemed especially delighted with her soft, sweet way of pronouncing Italian, but the limited field afforded her by a concert only served to tantalize, with out gratifying their longing for the elegant pleasure of listening to the charming songs of Italy. Their satisfaction will now be perfect and complete. They will have, indeed, a musical festival of the richest kind every evening during the stay of the Troupe. We almost envy them their enjoyment.

Washington's Tent.

This interesting relic was escorted into the city by those spirited and well disciplined volunteer companies, the Duquesne Grays and Jackson Blues. It was received at the place where the fair is to be held, on the part of the committee, by Judge Wilkins, who discharged the duty in his wonted happy and graceful style. The whole affair passed off admirably.

The Wheatly Trial.

But a small portion of the public, we believe, understand the ground of the truly interesting trial now going on in the Court of Quarter Sessions. We will briefly state the matter as it has been told to us. Some time since the brother of Job Wheatly, the principal defendant, died, but while on his deathbed requested his brother to take care of his child when he was gone, and see that it was properly raised. After his death his widow married Richard Storer, the person whose testimony we published yesterday, and as it appears had the care of the child, until its uncle took it from her as related in the testimony published ye terday.

The trial has caused much excitement in the section of the country where the parties live, and the whole neighborhood appear to have been supoenaed as witnesses. It will probably last for several days yet, and we will endeavor to give the most interesting portions of the testimony as the trial progresses.

The Italian Troupe.

A gentleman who witnessed the performance of this distinguished company at Cincinnati, speaks of their entertainments in the strongest terms of approbation.—He says that apart from the delightful music they produce, which cannot fail to charm all hearers, whether they understand the Italian or not, the perfection of the actors in their business, the splendor of their dresses and appointments, altogether make up one of the most magnificent performances that can be imagined.

Westmoreland County.

The following ticket was found by the Democratic Convention which assembled on Tuesday last.

Congress—H. D. Foster, subject to the action of the Democracy of Bedford and Cambria.

Assembly—Joseph Russell, L. L. Bigelow, and Ebenezer Moore.

Sheriff—M. B. Hays.

Commissioner—B. F. Kempf.

Israel Painter, James McCallister, and John McFarland were appointed representative delegates and John Neff, of Somerset county, recommended as Senatorial Delegate, to the Democratic State Convention to nominate candidates for Canal Commissioners.

Joseph Hart, a Constable of this city, has been arrested in Mobile, on a charge of passing counterfeit money. He offered to a broker a $500 bill on a broken bank in Maryland, which had been offered to the Bank of Cincinnati, and on which he had received an hour or two previous to the detection of the imposture, $475 in gold, which he surrendered on his arrest. On the examination, this individual was recognized by other persons as the man who had on the day previous, offered them a bad bill for $50. He was required to give bail in the sum of one thousand dollars for his appearance at the next circuit court, to answer to the charge under which he had been arrested, failing to do which, he was committed to jail.

He had gone to Mobile in pursuit of a man who had committed a robbery in Albany, and states that he received the notes from a Cincinnati broker in exchange for Pittsburgh money.

Of course.—They are going to prove that Mrs Gilmore, who was arrested for murdering her husband in Scotland, is insane!

CHEAP ENOUGH.—Goods have been shipped from Philadelphia to Saint Louis by the Pennsylvania route for 80 to 90 cents per 100 lbs.

COUNTY TREASURER.

We are authorized to announce Dr WILLIAM KERR as a candidate for the office of County Treasurer, subject to the decision of the Democratic County Convention.
June 19—tf.

☞ At the solicitation of a number of my democratic friends, I offer myself as a candidate for the office of County Treasurer, subject to the decision of the democratic county convention. ROBT. GLASS.
June 24.

COUNTY COMMISSIONER.

AT the solicitation of a number of friends of all political parties, I respectfully offer myself to the consideration of my fellow-citizens for the office of County Commissioner. That my sentiments may not be misunderstood, either as to political or private affairs, I make free to say that I have been all my life a consistent Republican, in the true sense of the word. As the county is somewhat embarrassed in its financial affairs, and the reduction of salaries of public officers has received the approbation of large majorities of the people, the undersigned would not should he be so fortunate as to be elected, in any manner attempt to resist this salutary reform; should it reach the office of County Commissioner.

REPORT OF MARKET COMMITTEE.

The Market Committee to which was referred the petition of Mr Glenn, weigh master at the hay scales, asking that the gross weight may be abolished on hay, and to have his weights adjusted accordingly would submit the following

That the Legislature of Pennsylvania did, by an act passed on the 15th day of April, 1834, (Purdon's Digest, page 1027, sec 17, 6th edition) abolish gross weight in this state, which law has been observed by all state authorities, and ought to be by every corporation and citizen, as it is a matter of no possible interest to either buyer or seller, but of convenience to both. That the city Councils have no authority to instruct their agents to use any other weights than the 100 weight nett as enacted by the Legislature, and as the city pay by the avoirdupois gross, we would offer the following resolution:

Resolved—

1st. That all weighmasters at city Scales be, and they are hereby, instructed to keep and render all their accounts in nett weight, according to the laws of this state, passed April 15, 1834, viz—8 drams make one ounce, 16 ounces one pound, 25 pounds one quarter 4 quarters one hundred, or 100 pounds 2000 pounds one ton; and that the market committee be authorized to cause the city weights and scales to be a justed accordingly.

Resolved—

2d. That the Councils recommend to the citizens of Pittsburgh and vicinity, to adopt the nett weight in all their transactions in hay, pig iron and all other articles, as a matter of great convenience, as well as observing our state laws, and which cannot in any possible contingency, affect the pecuniary interests of either party.

Resolved—

3d. That we also recommend to our fellow-citizens the adoption of weights instead of measures for the sale and purchase of grain, as established by the same laws of our state, viz:

Wheat at 60 lbs per bushel,
Corn and Rye at 56 lbs per bushel,
Barley at 47 lbs per bushel,
Buckwheat at 48 lbs per bushel,
Oats at 32 lbs per bushel.

Resolved—

4th. That the market committee be instructed to report some convenient plan for weighing all grain sold or delivered in the city, and that it be sold by the ton. Or, if the bushel weight be continued, that 80 pounds be established for a bushel, or 25 bushels for a ton.

Your committee would further report—

That our city and county have not any weights that is known to agree with the United States Government standard, although our government has at great expense and some fifteen years labor of an eminent scientific man, Mr Hassler, matured a full and well adjusted sett of standards of weights and measures, which they have furnished to each state, custom house and arsenal—with a view to have each state furnish its counties.

The chairman of our committee called the attention of one of our representatives (N B Craig Esq.) to this subject last winter, who ascertained that the Secretary of this Commonwealth had received a complete sett of standards from Washington, but they still remained packed up in his office for the want of legislation and appropriation to furnish standards for distribution, Mr Craig immediately introduced a bill for the purpose, which however was so far down on the list that it could not be reached the last session without attaching it to the general appropriation bill, which was done and passed, but we believe was never signed by the Governor. We then applied to Capt. Harding, Commandant at the Arsenal, for permission for one of our experienced scale makers to adjust a few standard weights by his government standards for the city use, which was politely granted. Your committee advise that the city procure a few weights in that way for present use, until a complete sett can be procured from our state for the use of the county and would offer the following resolution.

Resolved—

5th. That the Market Committee be and are hereby authorized to cause to be adjusted, a sett of weights, from 50 pounds downwards, for present city use; provided the expense does not exceed twenty dollars.

Your committee would further report, that the city hay scales are in a very bad condition, and that they cannot be adjusted to weigh with any accuracy, and would recommend the following resolution.

Resolved—

6th. That the Market Committee be and are hereby authorized to procure for the use of the city, a new hay scales at a cost not exceeding one hundred dollars.
