Doctor Benjamin Brandreth Honored Sir: Owing to you a debt of gratifude that money cannot pay, I am induced to make a public acknowledgement of the benefit my wife has derived from your invaluable pills. About three years this winter she was taken with a pain in her ankle, which soon became very much inflamed and swollen, so much so that we became alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first commencing it became a running sore—
She could get no rest at night the pain was so great.— Our first Doctor attended her for six months, and she received no benefit whatever, the rain growing worse, and the sore larger all the white. He said if it was beat

tailing in the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afforded great relief of the pain. Within one week, to the astonishment of ourselves and every one who knew of the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortably, and, sir, after six MIC Subscriber having completed his arrangements weeks' use she was able to go through the house, and at his new stand, is now prepared to offer to his again attend to the management of her family, which she had not done for nearly 14 months.
