NO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE .- This chase of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, worknon in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease ac-eurding to the strength of their constitution. The only method to prevent disease, is the occasional use of a medicine which abstracts from the circulation all deletevious humors, and expels them by the bowels. Tonics in any form are injurious, as they only put off the evil day to make it more faint. The use of Brandreih's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and are not opposed.

Our first Doctor altended her for six months, and she received no benefit whatever, the pain growing worse. and the sore larger all the white. Washington, July 3d. 1838. Sir_Since I have been in this city I have used some of your Dyspeptic medicine with infinite benefit and satis faction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell county. Tennersee, wrote to me to send him some, which I did, and he has imployed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county.
