Philadelphia Money Market. That excellent commercial paper, Bicknell's

Reporter, contains the following-"As the summer deepens, our chief business horoughtures begin to assume an aspect of more than usual inactivity. Hundreds of our business citizens are already absent, and it is probable that in less than a fortnight from the present time, the 107,141,519 dec case of our population in this way, and by the a bsence of citizens to the country and on trips of pleasure, wi'l amount to some thousands,

The Fall Trade, we are told, is likely to commence under the most favorable auspices. country is evidently rising into a wholesome and ing in the commercial world. The coming year, some venture to predict, will form the commen \$51,102,35 ment of a highly prosperous period in the history

Money is still abundant. The rates range from 41 to 5 per cent. per annum for first rate paper. The New York Banks are said to be indebted to the Philadelphia Banks more then a million of lo lars. The rates of exchange between this city New York, Boston and Baltimore, are about park checks may be obtained at each city on the others for a very trifling per centage merely enough to pay the brokers for their trouble. The currency of all the Atlantic cries is in a sound cendition and specie may be obtained at either of them ? large quantities. The exchanges generally throughout the country, with one or two except tions, such as the Alahama points, are in as good condition now, as they have been for many years

character and her former strength.
