MORNING POST

JULY 28, 1843.

NEW DRESS.

To-morrow and thenceforward, the Post will be printed on a new and handsome fount of Brevier type. We here take occasion to return hearty and unaffected thanks to our patrons for the substantial proofs of favor which we have received, since the establishment of the "Post," and assure them that we shall not spare exertions to make our journal equal at least, in every particular, to any paper printed in the city.

The difficulty between the publisher of the Chronicle and Mr Fleeson, late Post Master in Allegheny, has been happily adjusted, by the editor of the Chronicle assuming the responsibility of the article at which Mr Fleeson took umbrage. Mr F. in a note exonerates Mr Berford from all blame and expresses himself satisfied with Mr Whitney's apology. There will be no duel.

"*The Reformer*" is the title of a pamphlet on Industrial Association by Mr Wm. Connelly, which has been issued from, and is for sale at the Age office. We have not had time to examine it particularly, but find it to be an excellent compilation of facts and arguments in favor of the scheme of Association. Price 25 cents.

On next Sunday at half past ten o'clock, at St. Paul's Church, the Rev. Mr. Carter, of Philadelphia, will preach a Charity Sermon in behalf of the Orphans of St. Paul's Female Orphan Assylum. For the same benevolent object an address will be delivered in the same church, at four o'clock, P. M., by the Rev. Mr. Shreiber of Baltimore. To ensure a hearty response to this call of Charity, it is only necessary to state that the funds of this excellent institution are entirely exhausted—and its interesting inmates, the devoted sisters of Charity, have now no other resource but a merciful Providence and that fostering solicitude and kindness which has been so uniformly manifested towards them by the charitable and good of all denominations in this city.

PROGRESS OF THE INFLUENZA.

We clip the following from our exchange papers shewing the progress of this epidemic which has just left us.

☞The influenza, or 'Tyler grippe,' as it is generally called in these parts, is very prevalent in Quebec. Whole families are effected by it, and those of the physicians who are not also patients, have more than they can do.

☞Letters speak of the prevalence of Influenza in London. Whole families were down. The disease appears to be the same as in this country.

☞The influenza is very prevalent in Richmond, Va. It has attacked the colored people more than the whites, and laid up in some instances six or eight servants in a single family.

☞The New Orleans papers state, that thousands of the citizens are now suffering under that distressing epidemic, the influenza.

☞The great Cathedral in Montreal is described by a letter in the Trenton State Gazette, as the largest edifice in America devoted to religious purposes. The depth of the interior is 350 feet.—A crowd of several thousand persons looked like a thin audience in the vast area.

☞Several valuable coins have recently been found in a ploughed field on the old battle ground of Saratoga.

☞Five hundred and ninety-three dogs have been made to bite the dust this season, in New York.

☞The fare to Boston from New York is now but one dollar and fifty cents, a reduction effected by competition.

☞Bishop Doane, of the New Jersey diocese, has issued a manifesto declaring his 'unwavering confidence in Dr. Pusey's faithfulness to the standards of his Church, and his integrity as a Catholic Churchman.

For the Morning Post.

Allegheny Rats.—The Market house Ratts took possession of the New Market house last night at eight o'clock, but as they have not the right hang of it yet, the performance was not so good as might have been expected. They have laid aside instrumental music, as being contrary to the late revival business in this city; they however took it vocally, and the dancing was done in a more becoming and religious manner than on former occasions. By a petition which they stuck on the old market house a few nights ago, it would appear they prefer the old house on account of old associations, and earnestly and solemnly protest against its removal. They consider themselves better watchmen, over melons, chickens, and other small marketing than either old Milby or the sleepy farmers; whether the prayer of the Rats will be attended to by the Council men or not I cannot say, but one thing I do know, the accommodations are better in the old house than the new one. DAN.

Keep up Appearances.—Never sell yourself at much less than your market value. In other words, keep up appearances. If you are poor and wretched, and miserable and friendless, let nobody suspect the truth, if you can help it, or you are lost. Better fling your last dollar into the street with an air, than be suspected of poverty or a shabbiness.,—*John Neal.*

☞The Washington correspondent of the New York Sun, writes that Col. Todd, our Minister to Russia, has been recalled, and adds that other Ministers have had similar notices.

PROTHONOTARY.

Messrs Smith and Phillips:—Without meaning disparagement to the other gentlemen who have offered themselves for the nomination to the office of Prothonotary of this county, we take the liberty of suggesting to our fellow-citizens, through your columns, the name of Dr. J. C. McCULLY. He is a gentleman whom we believe very capable of performing the duties of the office. He is a native of Allegheny county, and during his whole political life has been an active, thorough-going Democrat. Besides, he is a country candidate; the country has a right to and claims the nomination to this office to be made from her citizens; and when she presents a candidate so well qualified in every respect, and one who will be so well received by the public generally—but especially, the democracy—we hope our democratic brethren of the cities will cordially co cede his claims, and unite in placing Dr M'Cully before the people as the Democratic candidate for the office of Prothonotary for Allegheny county.

COUNTY COMMISSIONER.

AT the solicitation of a number of friends of all political parties, I respectfully offer myself to the consideration of my fellow-citizens for the office of County Commissioner. That my sentiments may not be misunderstood, either as to political or private affairs, I make free to say that I have been all my life a consistent Republican, in the true sense of the word. As the county is somewhat embarrassed in its financial affairs, and the reduction of salaries of public officers has received the approbation of large majorities of the people, the undersigned would not should he be so fortunate as to be elected, in any manner attempt to resist this salutary reform; should it reach the office of County Commissioner.

CHOLERA MORBUS AND SUMMER COMPLAINT.

THE undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. D. Jaynes' Carminative Balsam. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain was perceived, and the pain was thereby prevented. We continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From this experience, therefore, he can confidently recommend Dr. D. Jaynes' Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. REV. A. SHINN.

REMEDY FOR THE INFLUENZA.

THE Influenza, which is now an almost universal epidemic, is exciting the inventors of patent medicines to increased exertions in the puffing line, but owing to the general distrust entertained for the generality of such drugs, people fear taking them. The following, however, from a distinguished physician in New York, Dr Nelson, we think may be relied on:

"The object of the present communication is to recommend a single remedy, cheap and of easy access to the poor, and to caution them against an injurious one in this disease, namely, bleeding, either general or by leeches. In all those cases in which the first class of symptoms prevail, let the patient smell frequently at a common salts bottle, (*Sims' Aromatic Volatile Salts* are preferred;) and by putting the vial to the mouth, to draw a few deep inspirations of volatile matter into the lungs. Let this process be repeated two or three times in an hour, and it will give more speedy and greater relief, in all slight cases of the first class than any other remedy, and will be sufficient for a cure. It will also be essentially useful in the severe cases; and in those of the class of prostration, a few drops of ammonia, or hartshorn, ought to be taken internally. A neat way of doing so is to take an old fashioned mixture called lac ammoniacal. However, it is as a local remedy, to act on the disordered surface, that its use is advised. The principle will be recognized by all physicians versed in molecular organization, and those who are deficient in that knowledge may do this instance as they do in all others—act upon the faith they imbibe." These salts are for sale and within the reach of all classes, at WM. THORN'S, 53 Market street, Pittsburgh. jly 17.
