

FOR PRESIDENT. JAS. BUCHANAN, Subject to the decision of THE DEMOCRATIC NATIONAL CONVENTION. The Daily Morning Post.

PHILIPPS & SMITH, EDITORS AND PROPRIETORS. PITTSBURGH, FRIDAY, AUGUST 18, 1843. ASSOCIATION.—A writer in the New York Sun speaking of the Owen and Fourier systems of Association, says that they should not be confounded, for they are as widely apart as two systems can be, and it is not in accordance with a spirit of justice and impartiality to charge upon one set of views or one plan of reform the errors or misdeeds of another.

Yesterday's mail brought us a copy of the Gettysburg Compiler of the 31st July, by which we learn that the Compiler is a paper devoted to the cause of the oppressed, and that it is published in Gettysburg, Pa. We presume the Compiler is a paper devoted to the cause of the oppressed, and that it is published in Gettysburg, Pa.

At the request of Mr. Riddle, we publish the following full refutation of a groundless and unimpeachable slander that has been propagated against him by some malicious minded persons: REFUTATION. A paper called the Aurora, and professing to be Democratic, having made a charge against me, which, if true, should prevent every Democrat from supporting me, I have thought it due to those friends who partially have encouraged me to offer my name as a candidate for nomination by the Democracy for the office of Probationary, to make a plain statement of the truth, and the evidence that have induced these professions to make this unadvised charge.

Riddle, to know that we have answered the simple truth against him. He is free to attempt to publish to the wall for PROOF. My reply to this will be found in the following Card, published in the Morning Post of the 16th inst.
