A Good Joke. - The U. S. Gazette says that "Mr. Clay has never been defeated as a candidate for the "Presidency." One is at a loss to know how to treat an assertion of this kind. A fact in political history, which occurred fifty years ago, might be disputed now, when the majority of those who then acted for society, and the town of Meadville are in a thrivin

Clay has been twice defeated as a candidate before the

Times of August 6th, details an unfortunate affair which took place in the neighborhood of Lamaline, a harbor on the south-west shore of the Island. It appears that understood that the Governor refused to pardon the Treaty existing between England and France, and was fishing, as is a common occurrence, within the Hinits especially assigned to the British. A boat's kansas Intelligencer writing from Bayon Menard, a E. P. GRANT, of Canton, Ohio, is also expected. It crow of H. M. ship Electra, which had been left there few miles from r'ort Gibson, on the 25th of July, says: is hoped that the Fourierists of Cincinnati will be reported by some of their best sneakons.

By a statute of Konti for the protection of our fisheries, gave chase to the French boat, and, not being able to come up with her a thot was fired across her bows for the purpose of bringing her to. This, however, failing of its intended effect, another shot was fired over the Frenchman:—this was disregarded also, except that a greater determination to escape, with the help of additional canvass.

Florida war," that he threatens the fourteen warriors now left in the territory, that if they again renew hostilities, he "shall make it a personal matter with them." A WESTERN DAM .- A dam has been made across the Milwaukie river, 500 feet long and 14 ft. high. It el. It is thought to be one of the strongest and safes kind. The river comes into Lake Michigan on the west side, -where a few years ago all was wilderness. Now it is the eastern terminus of a canal; and at this same Milwaukie, on the dam before mentioned, there are already one iron foundry, a tannery, a wollen factory, and a flouring mill going up soon, though the dam nas just been completed. This way of building dams is characteristic of the west, and can only be put in use where people can afford to be prodigal of timber .-There is something Herculean in the idea of upsetting a forest into the bed of a river to check its current.

'CHANGE! CHANGE!" Speaking of the results of the recent elections, the John Murray. N. Y. Evening Post observes-The reaction in public mind since the success of the Whigs in 1840, is without parallel in the history of the praceful conduct of affairs in this country. The rejection of the Whig policy has been more complete and possession of Oregon—established in fortresses on the Columbia river; which is, in effect, a control of the whole shore of the Pacific, as far as our territory is concerned, as well as a command of all the interior moment the majorities increased as if the re-action were

DISCOVERY OF THE "FLORIDA WATER." Four mineral springs, reputed to possess medical malities of a high order, and supposed by some to be the fabulous "Florida Water," have recently been disourse so nearly alike, meandering along within 200 yards of each other, to their outlet at Lake Munroe. There was a legend rife in Spain many years ago, that in this same flowery and ferule country there was a ACKEREL.—16 Bbls. No. 3 Mackerel, just received and for sale by A lot of paper was purchased by John Taylor, of in this same flowery and ferule country there was a stream of chrystal water, whose magic charms upon the human system could stay the wrinkles of age, and write unfading beauty on the glowing check of you In fact it was uttered and believed by many, that this hidden spring would secure all who should drink of it perpetual freshness, strength and vigor—and prolong. ing life's little day to its ancient duration.
