DAILY POST.

PITTSBURGH, SATURDAY, SEPTEMBER 30.

☞For business cards, &c., see first page.

MAMMOTH OX.—We saw yesterday, at the yard of Mr. S. Burnside, the finest ox that we think was ever exhibited in our city. He was raised by Mr. S. McCartney, of Belmont county, Ohio, and is an honorable evidence of the successful efforts of the farmers of that neighborhood for improving their stock. We understand he is of the Teeswater breed, a stock highly esteemed by the agriculturalists of England; is 8 years old, and weighs 4317 pounds. He is 6½ feet high, measures 15½ feet from the nose to the tip of his tail, 11½ feet girth and 5 feet brisket. A sight of this huge animal will delight the eyes of our enterprizing farmers, and induce some of them to make an effort to emulate their buckeye neighbors in the rearing of fine cattle.

REBUILDING THE AQUEDUCT.—We understand that separate proposals were received on Thursday, for rebuilding the Aqueduct, from seven gentlemen, either of whom are fully competent to complete the job if it should be allotted to them.

MAGAZINES FOR OCTOBER.—Cook has received Graham's Magazine for next month. It contains three handsome plates, to-wit: Highland Sport, a portrait of C. F. Hoffman, and Othello Relating his Adventures. The last named is, we think, the best. Among the contributors to the number, are many of the most talented writers of fiction of this or any other country: Grattan, Willis, Fay, and Mrs. Fanny Kemble Butler, may all lay just claim to this praise. Those who delight in the lightest and most trifling of light reading, will be gratified by the perusal of a story from the pen of Frances S. Osgood.

THE LADIES' NATIONAL MAGAZINE is also received at Cook's. The publishers of this work announce that they receive reports of the Fashions one month in advance of all their cotemporaries. This will be an object with many who patronize the Magazines. The embellishments and reading matter of this number are equal to any in similar works.

☞The trotting match over the Beacon Course, between Americus and Dutchman, three mile heats, purse $250, came off on last Monday. The first heat was won by Americus, in 8m. 4 seconds. The second by Dutchman in 3m. 11 sec. The third, a dead heat, was performed in 8m. 6 sec. In the fourth, Dutchman broke down in the second mile, leaving Americus the winner.

INDIANA STATE SCRIP is improving. The Hoosiers can pay their taxes with it, dollar for dollar, and they are buying it up in Cincinnati at 33c. It is supposed that within the year it will be worth the face of it, as there are four years interest due on it on the 1st January next.

PRETTY GOOD:—The wife of Mr. Owen Wildes, of North Bridgewater, Mass. recently gave birth to *four fine children*—who are doing as well as could be expected. Mrs. W. herself has certainly done as well as could be expectrd.

BUSINESS IN PHILADELPHIA.—The Philadelphia Ledger contains the following, from which it will be seen that the trading community is again launching forth into all the imprudence and recklessness which, but a few years since, brought ruin and wretchedness upon all the land:

"Business continues fashionably active in this city, and money is very abundant and cheap, but we fear with all its cheapness, some of our traders are making credit equally cheap, and by the increase of credit sales invite a return of the evils from which an observance of cash payments was fast raising them. We have been informed that some of our larger jobbers are sending out west heavy bills of goods without the money and in fact, with little other security than the buyer's name. This is a deviation from the line of sound principles, and is calculated to lead to sad consequences. The same strife is waging to some extent, as we learn, that existed a few years ago—rival houses are on strife as to which shall make the largest yearly sales, rather than which shall save the most money in the course of the year."

October Election.

County Commissioner.

AT the solicitation of a number of friends of all political parties, I respectfully offer myself to the consideration of my fellow-citizens for the office of County Commissioner. That my sentiments may not be misunderstood, either as to political or private affairs, I make free to say that I have been all my life a consistent Republican, in the true sense of the word. As the country is somewhat embarrassed in its financial affairs, and the reduction of salaries of public officers has received the approbation of large majorities of the people, the undersigned would not should he be so fortunate as to be elected, in any manner attempt to resist this salutary reform; should it reach the office of County Commissioner.
SAMUEL HUBLEY.
apr 6.

Prothonotary.

To the voters of Allegheny county:—I respectfully offer myself to your consideration as a candidate *(independent of parties)* for the office of PROTHONOTARY of Allegheny county, at the ensuing election. As I do not come before you recommended by a *Convention*, those of you to whom I am not personally known will please examine into my qualifications, &c.; and if so fortunate as to obtain a majority of your suffrages, I shall endeavor by strict attention to the duties of the office, to satisfy you with your choice.
ALEX MILLER.

I RESPECTFULLY inform the public that I have and keep always on hand an assortment of Fire Proof Safes. They are kept for sale at my shop, in Sixth street, above Smithfield, next to the church on the corner of 6th street—as also with Atwood, Jones & Co., and Dalzell & Fleming. In regard to the quality of my safes I leave those persons who have purchased and will purchase my safes to attest the utility of them. I desire no newspaper puffs on my safes; justice and truth warrant me in informing the public that all my safes which have been in buildings burnt down for several years since I commenced have preserved all the papers, books, &c., which they contained. I have a card containing a number of certificates of the same, which are in circulation and in my hands and the agentes.

VALUABLE REAL ESTATE.

THE undersigned will offer at PUBLIC SALE, or Lease, *on Saturday, the 18th of November next*, at 10 o'clock, A. M., that valuable property, on the south side of the Monongahela river, opposite this city, lately laid off in lots, embracing between 20 and 30 acres of ground.

This is well known to be the most advantageous location for manufacturing purposes in the vicinity of our great manufacturing city, having an extensive front on the river, and extending back to Coal Hill, celebrated for the quality of its coal over any other, and in which immediate vicinity and extending back are inexhaustible mines; railways from which can be run directly into works on this property, as is now done in the neighborhood. There are also several strata of coal beneath the surface on this property, which will be valuable in time, by the use of shafts, one of which is ascertained to be 12 to 15 feet in thickness.

A portion of the property being elevated above the proper level, and the clay being of the best quality for brick making, can be used very advantageously in improvements.

Its advantageous location for Manufacturing and Building, the Slack Water Navigation of the Monongahela, its being nearly opposite the mouth of the Pennsylvania Canal, and affording every facility for the reception of materials by river, at all seasons when navigable at any other point in the vicinity of the city, its proximity and connexion with which as will be the case by a bridge so soon it becomes occupied, altogether render it in every point of view, one of the most desirable locations for investment and improvement.

Notwithstanding the number of extensive Works which have been erected within the past few years, manufactures have never flourished more successfully than at present, the yearly increasing extent of our city, the immense emigration to the West, and its unequalled rapid settlement, which our city must ever, as it now does, most advantageously supply with manufactures, will yearly increase the demand, and great as is our character as a manufacturing place, when we review the great increase in number and extent of our manufactures within the past few years, we must consider it in its infancy, as the great manufacturing and commercial point it is destined to become.

In addition to the manufacturing of Iron, Nails, Glass, Engines and Machinery, Cotton Yarns, &c. which are operated advantageously here, we require in this region manufactories of Cotton Goods, as the immense quantities of these articles yearly brought from the East for this, and Western and Southern maskets evince, the profits to the different hands generally through which they pass between the manufacturer and the western merchant, would satisfy a manufacturer; in addition there is the carriage west to east of the materials, and east to west of the manufactured articles, besides insurance, time, &c., offering every inducement to competition of our own or Eastern Capitalists beyond competition.

Applications have been made for a number of years past for locations on this property for Manufacturing and Building purposes, and it has been laid off into lots containing nearly an acre on the river, for the former, and 24 by 100 feet for the latter purpose, fronting on 50 feet streets, and 20 feet alleys.

It will be sold in a body, (exclusive of a few lots) or portions will be sold together: to suit the views of individuals or companies wishing to purchase, or otherwise separately in lots. Some lots may be exchanged for buildings on this property, or for a farm.

The terms will be made perfectly easy, only a small portion required down, and the remainder in a term of years, payable annually or otherwise.

It is not desired to dispose of the property under the late and still exising depression of real estate, except for its fair value, but from the frequent applications for its purchase, and the inducements offered at present for improvements, every article and expense connected therewith being so low, it is considered the present possession for those purposes by persons or companies of wealth, would be to a best advantage to them, together with the terms on which it is offered, may be known by office of sale at this time. NEVILLE B. CRAIG.

Committee of Mrs. Sidney Gregg.
