

FOR PRESIDENT, JAS. BUCHANAN, Subject to the decision of the DEMOCRATIC NATIONAL CONVENTION.

The Daily Morning Post. PUBLISHED BY JAMES BUCHANAN, Proprietor.

PITTSBURGH, MONDAY, OCTOBER 2, 1843.

DEMOCRATIC TICKETS.

- WILLIAM WILKINS, President. JOHN NEBLEY, Vice-President. ALEXANDER BRACKENRIDGE, Pitt. JAMES A. GIBSON, Time. WILLIAM STURGEON, Fayette. JOHN ANDREWS, Pitt. ELLIOTT TRIVOLLO, City. GEORGE R. RIDDLE, Allegheny. JAMES CUNNINGHAM, Mifflin. ROBERT GLASS, City. DAVID HARTZ, Allegheny. ROBERT DONALDSON, Wilkes.

DEMOCRATIC CANDIDATES.

As there are several candidates before the people, who are well known to the support of democratic principles, and are doubtless constantly making personal appeals for democratic votes, we deem it our duty to notice them all in a brief way, and inquire how far any democrat would be justified in abandoning the regularly nominated ticket of his party to vote for any other.

THE NATIONAL INTELLIGENCER.

A GREAT RACE TO COME OFF.—The National Intelligencer gives a review of the Great Payton stake to be run for over the Nashville course, early in October. It is exciting unusual interest among the friends of the turf. It will be the largest purse ever contended for in this country or in Europe.

A MAN AND HIS WIFE TO BE HANGED.

A man and his wife, James Dolan, and his wife Bridget, have been tried at Towanda, Pennsylvania, for the murder of Rufus G. Gere, on the 1st of August last. The testimony was on Thursday, the 4th ult., who retired, and after an absence of one hour, returned with a verdict of guilty of murder in the first degree.

TOBACCO.—According to the London Times.

the quantity of tobacco imported from the United States during the past year, as given in returns just presented to the House of Commons, amounts to \$5,418,012. It being a decrease of several thousands of pounds compared with the preceding year.

MR. MACRAE'S RECEPTION.

The reception of the gentleman at Park Theatre on Monday evening, (says the Sun), was most cordial and enthusiastic, and certainly every thing, himself or the most ardent admirers of the Drama could desire. The theatre was quite filled at an early hour, and we could judge from the repeated plaudits of the audience, the representation of his fame.

MR. SAMUEL HADLEY'S RECEPTION.

Mr. Samuel Hadley is a volunteer candidate for Commissioner. He is too well known among his fellow-citizens to require an extensive notice. We believe he has put his best coat on for the present, but he is a devoted whig, and friend of Mr. Clay.

THE REWARD.—The N. Y. Bulletin says that the reward of \$5,000, offered for the apprehension of Saunders and recovery of the money obtained by his forgeries, is to be distributed in three equal parts—one to the officer Clapp of Boston, one to the colored woman Abigail, and one to Mrs. Hunter.

THE HOUSE, AS FAR AS HEARD FROM.

The House, as far as heard from, stands fifty-eight Democrats to 24 Federalists. The House consists of 151 members, 69 vacancies, or districts to be heard remain. The Democrats in the House will be a majority of at least 2 to 1.

MR. COST JOHNSON'S PROJECT.

Mr. Cost Johnson is again trying to revive his absurd Assumption project. The result of the late election has had a most unfortunate influence on the views of many other federal schemes for swindling the people, and Mr. J. will find it more difficult to get up a feeling in favor of his scheme, than his nonsense did, some years since, to defraud the poor of Baltimore, through the means of a rotten looking institution.

THE GREAT STORM AND LOSS OF LIFE IN FLORIDA.

An extract from the office of the "Star of Florida," published at Tallahassee on the 16th inst., brings accounts of a most destructive storm, accompanied by loss of life and property, which occurred there and in the vicinity, on the 13th inst. At Tallahassee the damage was not very great, though several houses were prostrated and chimneys of others blown down.

THE NATIONAL CONVENTION.

Resolved, That we do solemnly protest against the nomination of the Hon. Jas. Buchanan for the Presidency, Pennsylvania receiver that election which has been due to her from her states, and that we will, therefore, instead of our delegates to the National Convention in the most energetic manner to procure such a nomination.

MR. SULLIVAN.

The gentleman is in the midst of a very strong effort. He is, in the midst of a very strong effort. He is, in the midst of a very strong effort. He is, in the midst of a very strong effort.

THE NEW ORLEANS PRICE CURRENT.

The New Orleans Price Current states that the total exports for 1833-4 amount to 737,000 kegs. Of this quantity about 300,000 kegs have been taken for European consumption.

GET OUT YOUR PUP.

A little child, two years old, its mother, and its grandmother, who acted as nurse, all went to church together on Sabbath day, and occupied one of those old-fashioned square pews as common in this city.
