Better Bargains than ever, at the Three Big Doors.
THE subscriber would respectfully inform his cus-L toniers and the public generally, that notwithstading the unprecedented sales at the Three Big Doors, during the present season; he has still on hand the lan gest and most varied assortment of elegant CLO-THING that can be bought west of the mountains.— The public may rest assured that all articles offered at his store are manfactured from FRESH GOODS, pur chased in the Eastern markets this spring and made in-

to garments by Pitttsburgh workmen.
In consequence of the multiplication of slop shops in our city, filled with pawn brokers clothes and the musty, cast off garments of former seasons, from the eastern cities, the public should be cautious to ascertain the charactor of the establishments in which they are invited to purchase, before they part with their money. The articles offered at several of the concerns in this city, are the mere offals of New York and Philadelphia slop shops, and sent out here to be palmed of on the Pittsburgh public. Purchasers she 'd bo on their guard against these impositions, and they may rely on the fact that no establishment that advertises eastern made Clothing, can give as good an article or as advantageous bargaine as can be had at the "Three Big Doors." The public will please remember that all the subscriber's garments are made in this city, by competent work-

men, and not gathered up like the goods now offered by the "birds of passage" from the shreds and patches of eastern slop shops. It will always be his endeavor to maintain the reputation that the "Three Big Doors" have obtained for furnishing a superior style of CLO-THING in every respect, and at prices below those of ny other establishment. He would again return his chanks to his friends and the public for the unprecedented patronage bestowed

upon his establishment, and believing that they have found it to their advantage to deal with him, he would repeat his invitation to all those who wish to purchase Clothins of every descriptions. Clothing of every description at the lowest price, to call at No. 151, LIBERTY ST. JOHN M'CLOSKEY, Observe Metal Plate in the pavement. ap 26. Look at This.

FOR SAFETY,

Travellers should select Boats provided with Evan's Safety Guards for preventing Explosion of Steam Boilers T would be well for the traveling community to bear in mind that their security depends entirely upon their own encouragement of boats that have or may be at the expense of procuring the above apparatus. And that every individual making such selections is contributing towards a general introduction of an invention admitted by all men who understand the principles of the Steam Engine, to be a sure preventative against those dreadful disasters. You have cerainly, in the hundreds of explosions that have already taken place, their almost daily occurrence, and the thousands of lives that have already been lost, a sufficient warning, and inducement to make inquiry for a Safety guard Bont, and in every case to give it the preference. They have went to an additional expense that your lives may be secure.
