FOR PRESIDENT,  
**JAS. BUCHANAN,**  
Subject to the decision of  
THE DEMOCRATIC NATIONAL CONVENTION.

**The Daily Morning Post.**

PHILLIPS & SMITH, EDITORS AND PROPRIETORS.

PITTSBURGH, WEDNESDAY, OCTOBER 11.

**THE GIRARD COLLEGE.**—The Democratic Committee of Superintendence of Philadelphia has prepared and published a brief statement showing the scandalous and shameful misapplication of the Girard College Fund, by the Whig Council, aided by the advice of Nicholas Biddle.

The fund originally consisted of two millions. According to the first estimate, the college and its out-buildings were to cost 900,000, and were to be finished in 6 years. It was confidently supposed that the annual income of the fund (102,000) would in that time pay for erecting the College. Ten years have passed—two of the out-buildings are not even commenced, the principal building is not two-thirds finished, and the fund is fast being exhausted. The remainder of the fund will be swallowed up in lawsuits, or lost by some sort of casualty. One thing is certain, the wishes of Girard will never be carried out. The orphan who he desired might yearly go forth upon the sea of life, blessing his memory, and made rich in learning by his bounty and benevolence, will never realize the blessings he designed for them. We question a more monstrous or age-old wrong was ever before committed in a country where laws are at all respected.

**ELECTION FRAUD.**—The publishers of the Gazette and a number of the leaders of the Blue Nose Party are out in a card, in the Gazette of yesterday, declaring that the ballot box "Anthonis Awako," and "Old Guard," is a fraud, and was not used by the voters. It is proper for us to say that it was not used by the voters, but it was used by the voters. The publishers of the Gazette, and a number of the leaders of the Blue Nose Party are out in a card, in the Gazette of yesterday, declaring that the ballot box "Anthonis Awako," and "Old Guard," is a fraud, and was not used by the voters. It is proper for us to say that it was not used by the voters, but it was used by the voters.

**EXPLOSION OF A POWDER MILL.**—A correspondent of the New York Sun, writing from Saugerties, N. Y., under the date of the 4th inst., says that while writing, he heard the sound of an explosion, and upon running out saw a volume of smoke arising from the direction of Lath's & Smith's Powder Mill, some five miles from the village, which leaves no doubt that the mill is blown to the skies, and perhaps several persons killed. It was a great quantity of powder in the mill that has been permitted to remain there, before some 500 or 600 lbs. The shock was tremendous.

**H. H. WELLS.**—It is said that this gentleman, who is distinguished as a literary writer, and is now editor of the Philadelphia Saturday Post, is studying for the Episcopal ministry.

**THE BALTIMORE ARGUMENT.**—The Baltimore Arguer says, that, from all the information received, the Democrats have the popular vote largely in their favor. The Clay Whigs who have been adding Maryland to Tennessee, and thereby making the date of the 4th inst., says that while writing, he heard the sound of an explosion, and upon running out saw a volume of smoke arising from the direction of Lath's & Smith's Powder Mill, some five miles from the village, which leaves no doubt that the mill is blown to the skies, and perhaps several persons killed. It was a great quantity of powder in the mill that has been permitted to remain there, before some 500 or 600 lbs. The shock was tremendous.

**NAVY FRIEND AT BALTIMORE.**—The Clipper says, it is rumored that that city, has been appointed by the President as a Navy friend, in place of Dabney S. Carr, Esq., who has accepted the position of Minister to Constantinople.

**GLORIOUS VICTORY!**

We have only time to announce that the democrats of Allegheny have achieved a glorious victory. OUR WHOLE TICKET IS ELECTED by a sweeping majority! The result is as we have all long predicted; for some of our candidates we beat the combined votes of the whigs and unionists, and some of the whig candidates have the poor blue nose for his rival. This is glory enough for one campaign. We will say very particularly hereafter. Where is the anti-slavery party now?

**WE extract the following item, which will be very interesting to wine-bibbers, from the Philadelphia Times:**

"Nearly all the wine drunk in this country are counterfeit. Wine is now manufactured in Europe of everything except grapes in market. Old bottles make a very 'spicy' wine particularly. Vegetables of various kinds are also employed, and it is said that the grapes of 2000 lbs per annum are made without a particle of grape juice. Deafness, blindness, and other ailments work up this sort of drink very easily! To alter Philip's verses, we may indeed say—

Hail mighty wine, and by thy general name  
We call each species, Sherry, Port, Madeira—  
The names are various, but the effect is the same  
As it is likely most folks are aware—  
Only let each man save up his old clothes and boots,  
And the very poorest may settle down in his 'downy vineyard,' and (if he chooses to realize the expression of Shakespeare) 'a very small purchase of the 'Horricultural' a valuable 'big tree'."
