La! what makes your teeth so unusually white?
Quoth Josh's dulcinia to him t'other night,
To make yours look so, with a grin, replied Josh,
I've brought you a bottle of Thorns' Tooth Wash,
It's the best now in use, so the gentlefolks say,
And since they have tried this, cast all others away.
But to prevent the heat, to make the teeth shine,
Look again, my dear Pal, at the lustre of mine,
Then try this great tooth wash,
The Teaberry tooth wash,
And see if this Tooth Wash of Thorn's is not fine.

Having tried Dr. "Thorn's Tea Berry Tooth Wash,' and become acquainted, with the ingredients of its composition, I cheerfully say, I consider it one of the safest, as it is one of the most pleasant Tooth Washes now in use.

Pittsburgh Sep. 15, 1842 DAVID HUNT, Dentist.

I take pleasure in stating, having made use of "Thorn's Tea Berry Tooth Wash," that it is one of the best dentifrices to use. Being in a liquid form, it combines neatness with convenience. While it cleanses the enamel and removes the tartar from the teeth, its perfume yields a fragrance peculiarly desirable. J. P. TIBBETTS, M. D.

The undersigned have used "Thorn's Compound Tea Berry Tooth Wash," and have found it to be an extremely pleasant dentifrice, exercising a most salutary influence over the Teeth and Gums; preserving those indispensable members from premature decay, preventing the accumulation of Tartar, and purifying the Breath. Having thoroughly tested its virtues, we take pleasure in recommending it to the public, believing it to be the best article of the kind now in use.

TO FEMALES.—There is a large class of Females in this City who from their continued sitting, to which their occupations oblige them, are affected with costiveness which gives rise to palpitation at the heart on the least exertion, sense of heaviness extending over the whole head, intolerance of light and sound, an inability of fixing the attention to any mental operations; rumbling in the bowels, sometimes a sense of suffocation, especially after meals when any exertion is used, as going quickly up stairs; tempre ficklie; these are symptoms which yield at once to a few doses of the Brandreth Pills The occasional use of this medicine would save a deal of trouble and years of suffering. INDIVIDUAL ENTERPRIZE.
UNITED STATES
PORTABLE BOAT LINE.
For the Transportation of Merchandize and Produce Between
PITTSBURGH AND PHILADELPHIA AND PITTSBURGH AND BALTIMORE.
NEW YORK AND BOSTON.

H. DEVINE respectfully inform the public that they have completed their arrangement after the above Line on

INDIVIDUAL AND INDEPENDENT PRINCIPLES.

The public has long wished for Individual competition in Transportation on the Public Works, by which alone it can be freed from unnecessary expenses and reduced to its lowest rates; that wish will now be realized; the State of Pennsylvania having placed Trucks on her Rail Roads, Individuals owning Portable Boats are enabled to bid for the Carrying Trade and successfully to compete with companies.

This line is composed of Twenty new, Four Section Portable Boats, owned by the Captains who command them and well known as enterprising, industrious and experienced Boatmen.

The superiority and advantages of the Portable Boat over every other mode of Transportation, are too well known to shippers generally, to require comment; suffice it to say, that the *detention, loss, separation and damage to Goods*, invariably attending *three Transhipments* between Pittsburgh and Philadelphia are by the Portable Boat most effectually *removed*

The Portable Boat possesses the great advantage too, of being well *ventilated* and *cool* in *Summer*; which prevants *Flour from souring*, and Bacon and Tobacco from sweating.

H. Devine, standing as he does, between the owners of goods and the Boatmen who carry them, and equally interested in protecting the interests of *both*, will make no promises to the public he will not faithfully perform.

He is now prepared to receive and Forward Produce to Philadelphia, Baltimore, New York, and Boston in the shortest time, and pledge's himself to enter into no combination with other Lines, but always stand ready to carry out the principles of his Line, and contract for freight on the very lowest terms.

The undersigned returns his thanks for the liberal support heretofore extended to him, and hopes by a constant disposition to please and accommodate—a care in procuring and selling only what is excellent and genuine—a close supervision of the sales and transaction of the establishment—precaution and accuracy in compounding medicines—and by industry and perseverance, to merit a continuance of public patronage

PILES cured by the use of Dr. Harlich's Compound Strengthening and German Aperient Pills.

Dr. Harlich—Dear Sir—Shortly after I received the Agency from you for the sale of your medicine, I formed an acquaintance with a lady of this place, who was severely afflicted with the Piles. For eight or ten years this lady was subject to frequent painful attacks, and her physician considered her case so complicated, that he very seldom prescribed medicine for her. Through my persuasion, she commenced using your Pills, and was perfectly cured. Yours, &c. JAMES R. KIRBY

PILES!! PILES!!

"Why will ye live at this poor dying rate?"

R. E. HUMPHREYS' VEGETABLE OINTMENT, FOR PILES, FISSURES, &c.

To be had at Perrine's Medical Agency 86 Fourth st, the only agent in Pittsburgh.
Feb 22.

AS USUAL.

NO sooner does one of Dr. Leidy' preparations become popular, in consequence of its success and efficacy, than it is counterfeited or imitated.

To prevent imposition, Dr Leidy has now procured moulded bottles for his celebrated Tetter and Itch Ointment, with the words "Dr Leidy's Tetter and Itch Ointment," blown in the glass, besides containing his written signature on a yellow label outside.

Dr Leidy's Tetter and Itch Ointment, has proved more efficacious than any other preparation for Tetter, Itch, Dry and Watery Pimples or Pustules, and diseases of the skin generally.

It has been employed in schools, factories, and on board vessels carrying passengers, where children, as well as grown persons, contract diseases of the skin from their contagious nature, with the most unexampled success; certificates and recommendations have been heretofore published from them, and numerous others might be obtained for publication, but for the objections most persons have, to having their names published in connection with such disagreeable and loathsome affections

In no single instance has it ever been known to fail.

It has been used upon infants and by persons of all ages. It is perfectly safe, contains no mercury in its composition, and may be used under all circumstances.

Price Twenty-five cents a bottle. Prepared and sold at Dr Leidy's Health Emporium, (sign of the Golden Eagle and Serpents,) and by B. A. FAHNESTOCK & CO. corner of Wood and Sixth streets, Agents for Pittsburg. july 12.

Contagious Diseases, and Change of Temperment.

Water must be adapted to the nature of the fish or there will be no propagation of the species. The soil must be adapted to the seed, or there will be no increase. The climate must have those matters in it which will unite and keep alive epidemical or contagious poisons, or they will become extinguished, as a lamp that is unsupplied with oil. So it is likewise with the human frame, it cannot be materially affected by epidemic or contagious maladies, unless there be those matters floating in the circulation which offer the appropriate soil. By purifying our bodies with the BRANDRETH PILLS, which have affinity with those impurities upon which contagion feeds, we may always feel secure, whatever disease may rage around us. True, we may have it, but it will soon be over, our sickness will be the affair of a day or two, while those who have been too wise to use this simple and excellent remedy, either die, or have weeks perhaps months of sickness.

Sudden changes from very hot to chilly weather are unfavorable to health; and it is a fact universally admitted, that heat and moisture are powerful agents in producing disease, and that constant DRY and constant WET weather are both favorable to its generation; it does not signify WHAT we call it; it may be ague, it may be bilious fever; it may be yellow fever. It may be dysentary; it may be rheumati-m; it may be bronchitis; it may be cholic; it may be constipation of the bowels; it may be inflamation of the bowels, it may be inflamation of the stomach; it may be a nervous affection; still it is disease, and a disease curable by the Brandreth Pills, because they remove all impurities from the body, all that can in any manner feed the further progress of the malady, no matter how called; thus these pills are not only the most proper medicine, but generally the only medicine that need or ought to be used. At the present time it is every man's duty who wishes to secure his health to use them; it is the duty of every one who knows anything of their health restoring powers, to make it known in his immediate circle. For there are some alarming signs, which tell of the approach of disease. The sudden changes of temperament are going to be feared and guarded against than any contagious malady.

The INFLUENZA has left many in such a state of weakness that there is in them a great susceptibility to be affected by these changes of the atmosphere and contagious maladies; but by the timely use of Brandreth's Pills, even now this susceptibility can be in a great measure removed, and power given the system to resist these morbific poisons, and the sudden changes in the weather with which it may be brought in contact during the next fifty days. Nature has formed the bowels of the evacuation of all unhealthy humors, and if man would but use common sense, he would take care that they performed this office fully. If the bowels are out of order; if too slow or too fast, a few doses of BRANDRETH PILLS will bring them to order. Ask the man who was dying from constipated bowels what cured him; he tells you, Brandreth's Pills. Ask him who had dyspepsy for six months, and *every remedy* had failed; he will answer you Brandreth Pills cured him in a week. So with other diseases. Twelve Brandreth Pills rubbed down in ½ a pint of molasses, cured a little boy of an ulcer of the face, which was rapidly spreading to the eyes, and which a dozen doctors had tried to cure, but could not; the poor parents would have given half they were worth to have had it cured, but every thing they tried did no good, until they gave it a teaspoonful of molasses every day, in half a pint of which they had rubbed down twelve Brandreth Pills; before the whole of the molasses was taken the ulcer was cured. And yet some foolish people call Brandreth's Pills a quack medicine. It would be well if there were a few more such quack medicines. Will all your protended Sarsaparilla Compounds cure like the Brandreth Pills? Can they send you to persons CURED, as Dr. Brandreth can? Can they point out to you people who had been confined for years from Epilepsy and St. Vitus' Dance who have been cured by their remedies? If they cannot, Dr. Brandreth can—Can they point out to you a person who for twenty years had never had a stool without having used medicine, or mechanical means, and whom the Brandreth Pills cured in a month, and gave him a healthy evacuation as he had when he was a child. If they cannot, Dr. Brandreth can.

The BRANDRETH PILLS not only do cure, all cures the disease, but it can be demonstrated, that by the timely use, they must infallibly cure. In a very short time Dr. Brandreth will write a book on the public's conviction of the virtues of the Brandreth Pills, both in the form of Pills, and in a fluid form, and that he will explain the reason of the cures that must necessarily be the result of using the BRANDRETIAN REMEDIES, whether they be internal or external. I have just received the case of a medical gentleman, twenty years settled at Shreshpark, Canada, who for twenty years was sorely afflicted with disease, which came out in blotches and scabs all over his body. This gentleman so far forgot the prejudices which too often curse his profession, as to apply personally to Dr. Brandreth, and he in a few days proved a happy one, within six months he was restored to health, and a letter of his acknowledging the cure and forwarding disease to the use of the Brandreth Pills.

The use of the Brandreth Pills can in no case do injury, because they are made of those herbs and roots as experience has fully proved always harmonize with the human body body. The causes of suffering with them cases of sickness, is often the case of a long attack after apparently the cessation of life.

How important it is that this course should be pursued; it will not only be the surest means of restoring, but it will in a great measure prevent the recurrence of constitutional maladies—It will surely weaken the measles
