PITTSBURGH BOARD OF TRADE.

COMMITTEE FOR DECEMBER.

William Eichbaum—F. Lorenz—Robert Bell.

☞ We would call the attention of the public to the advertisement of Messrs. BLAKELY and MITCHELL. Real Estate Agents. These gentlemen are every way qualified for the business they propose to transact, and those who employ them, may rest assured that their interests will be properly attended to.

LIBEL CASE.—F. J. GRUND, editor of the Philadelphia Mercury, has preferred a charge of libel against Mr. S. Wollenweber, the editor of a German paper called the "Democrat," published in Philadelphia.—The article which is alledged to be libelous, was a communication published in the paper stating that an ex-Custom House officer had made improper use of money entrusted to his care, to be used for a certain purpose.

TO THE EDITORS OF THE POST.

Gentlemen:—I was much surprised at seeing a notice of the disease of Mrs. Ellen Dewsnap, in the "Spirit of the Age," of the 29th ult., which is incorrect. It should have been Mrs. Ellen Boilley She was my wife, we were married on the 24th day of February, 1830, by Alderman Von Bonhorst, who can testify to the fact. ANTHONY BOILLEY.

LOSS OF A BRIG—MUTINY AT SEA—SUFFERING.—The New Bedford Mercury of Saturday gives the following account of the loss of the brig Bogota, Capt. L. N. Fuller, of that port, on the coast of Africa, in April last, which has already been briefly mentioned. Capt. Fuller arrived at New Bedford on the 23d inst., via Salem, in the Brig Rolla, from Zanzibor, and has furnished us with the following particulars of his voyage, comprising a series of misfortunes and hardships seldom paralleled in a single voyage.

The Bogota sailed from this port on the 7th of June, 1842, on a whaling voyage to the Atlantic and Indian Oceans, manned by 21 persons including officers and crew. On her passage out, touched at the Western Islands in September, when the 1st mate, Mr. Fred'k. S. Hammond, was left on account of ill-health. In November, touched at St. Catharines where the 2d mate was left also in consequence of ill-health; the vacancies thus caused being supplied by promotions among the crew, and enlisting additional seamen.

Subsequently at the same place the crew of the Bogota mutinied and were put on shore, and after shipping another crew the brig proceeded to the Indian Ocean, arriving at Johanna Island, in April, 1843, for recruitsl, and sailed again on the 6th, in pursuit of whales. On the 13th, in lat. 11 28, lon. 42 26, at sunrise, with light winds from S. E., shortened sail to single reef topsail, foresail and spanker, until 4 A. M., when the brig struck on a coral reef in a dept of 9 fuet water, which had receded to 3 feet at 6 A. M., and the foretop mast was then cut away to prevent her from bilging. At 7 A. M., the crew took to the boats, and after an hour and a half sail landed on Coral Island. They returned to the brig at high tide, and at 4 A. M., succeeded in getting her afloat with two feet water in the hold, and stood in a S. E. course until 5 o'clock, A. M., of the following day, when they changed their course and stood in for Coral Island. The boats' crews, consisting of 12 men under command of the 1st and 2d officers were sent ashore to obtain certain articles of clothing, &c., which had been conveyed there from the brig upon their previous visit to the Island.

Before the boats had reached the Island however the weather became squally and Capt. Fuller made signals for them to return to the brig which order was disobeyed. The weather continued bad and the brig being in a leaky condition, Capt. Fuller cruised off the Island during 24 hours, and not perceiving any thing of the boats, he proceeded toward Zanzibar, where they arrived on the 1st of May. On the 6th, the two boats also arrived at Zanzibar with eight seamen, four of their number having died upon Coral Island, of the African fever.

The survivors were severely indisposed with the same disease and five of them soon after died, the remaining three recovered. Three of those who remained on board the brig also died at Zanzibar of the same fatal malady—thus leaving only eight survivors out of 21 persons comprising the officers and crew. Of those who died there were American, viz:—Francis Allen, of Fairhaven, Mass., Levy N. Wardwell, North River; John P. Newell, Nantucket. The remaining ten were Portuguese. In July the Bogota was condemned and sold at Zanzibar, together with the outfits. The oil on board, 120 bbls, we shipped on board the Rolla, and has arrived at Salem.

The continued anxiety and suffering experienced by Capt. Fuller under this complication of disasters of the most painful and harrassing nature, may be better imagined than described. His persevering exertions in behalf of the owners and underwriters, no less entitle him to the highest praise and should not be suffered to pass without a suitable testimonial of approbation.

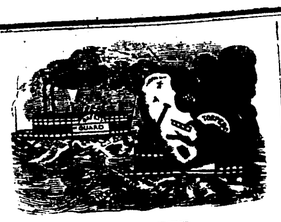
Dissolution of Partnership.

THE partnership heretofore existing under the style of Devine & M'Anulty, is this day dissolved by mutual consent. H. Devine is to collect all sums due to the concern, and pay all claims contracted for the concern up to this date.

H. DEVINE.
C. A. M'ANULTY.

Pittsburgh, Sept. 1. 1843.

H. Devine respectfully informs his friends and the public, that he still continues in the Transporting business, and that he has removed the office of the U. S. Portable Boat Line, to No. 45 Water street, next door below Lewis Hutchinson, where he will receive and forward Freight to the East, on the very lowest terms. H. DEVINE.



FOR SAFETY,

Travellers should select Boats provided with Evan's Safety Guards for preventing Explosion of Steam Boilers

IT would be well for the traveling community to bear in mind that their security depends entirely upon their own encouragement of boats that have or may be at the expense of procuring the above apparatus. And that every individual making such selection is contributing towards a general introduction of principles of the Steam Engine, to be a sure preventative against those dreadful disasters. You have certainly, in the hundreds of explosions that have already taken place, their almost daily occurrence, and the thousands of lives that have already been lost, a sufficient warning, and inducement to make inquiry for a Safety guard Boat, and in every case to give it the preference. They have went to an additional expense that your lives may be secure. Ought you not therefore to meet them with a corresponding degree of liberality, and by your preference show that you appreciate their laudable endevors to stop this awful sacrifice of human life. They do not charge more than other boats; their accommodations in other respects are equal, and in many cases superior; and as there is one leaving Pittsburgh every day, why will you run any risk, when it is so completely in your own power to avoid these disasters.

All boats marked thus [*] in the List of Arrivals and Departures, in another part of this paper, are supplied with the Safety Guard.

Mr. Paul Emile Theveau

HAs the honor to inform the public that during his sejourn in Pittsburgh he will give

LESSONS IN THE SPANISH, FRENCH AND LATIN LANGUAGES.

From his having made the Spanish language the sole object of his study during a residence of two years in Havana, there is reason to suppose that he has acquired a good knowledge of their language, the easiest and most harmonious of all modern languages.

Of his competency to teach French there can be no doubt, from the fact of his having been a clerk in a Notary in Paris, where he has studied law. What Mr Theveau here states he can prove by the Ordonnance of the King of France and by letters from the Minister of the Navy.

Mr Theveau can be seen every day from 12 to 1 P M, at Mr Fickeisen's house, Market street, behind the old court house. n29—1m

For Sale and To Let.

Valuable Land for Sale at a Bargain.

Very Cheap for Cash!

A TRACT consisting of one hundred and forty-six acres of timber land, situated immediately on the Ohio river, in the State of Indiana, between Cincinnati and Louisville, a suitable location to establish a very profitable WOOD YARD—a great majority of the timber being beech and poplar. It is a well known fact that cordwood of this kind is always bought in preference to any other by steam boats. There is no point on the Ohio river where good wood will bring a better price. In addition to this, there is no part of the western rivers navigated by so many steamers—and hence the great demand for good cordwood. It is obvious that this land is more valuable on account of the timber, as the clearing of less than one half will more than pay the original cost of the land. The poplar logs can be very advantageously rafted to Louisville, where they have always brought a good price, and are much used for building purposes. The soil is remarkably rich—and when cleared of its valuable timber, will suit produce of the farm, by water, is within a half of a day's reach of two of the finest markets in the western country, namely, Cincinnati and Louisville.

Any person wishing to make a safe and productive investment, would do well to purchase the above described property.

For further particulars, please apply soon to the Western Real Estate Agency of EGOLF & FOSTER.
