DAILY POST.

MONDAY MORNING, DECEMBER 25, 1843.

PITTSBURGH BOARD OF TRADE.
COMMITTEE FOR DECEMBER.
William Eichbaum—F. Lorenz—Robert Bell.

☞On motion of C S Etser, Esq., Mr A Kirk Lewis and Mr Clarence Shaler were admitted to practice as Attorneys in the District Court and Court of Common Pleas of this county.

☞This being Christmas, no paper will be issued to-morrow.

☞Several editorial articles, and a number of communications, are crowded out by the foreign news.

☞The toy shops and Confectionary establishments give decided indication that Christmas has come.—Beautiful pound cakes, sugar men and women, and grotesque figures of all kinds crowd and adorn their windows How the eyes and mouths of the urchins open on beholding them, and how their small "dabs of money" will melt away to-day in getting a portion of the tempting "goodies."

Oh! what a Cake!—McKinnell has prepared an enormous Plumb cake for Christmas, and will be happy to have his friends call and try it to-day.

Almost Gone.—A young man was sent from Allegheny city on Saturday last, with a letter to the Pittsburgh Post Office, in which was a large remittance.—When near this city, his hat, in which the letter was, fell off, and letter and remittance went into the River. No door was ever swifter in its flight than was he to the end of the bridge; down the bank he went, plunged into the River, and fortunately rescued the price just when it was about to sink.

To the Editors of the Post:

Sir:—Permit me, through the medium of your paper, to call the attention to the property authorities to the dangerous situation of Diamond Alley, between Smithfield and Grant streets. A young lady, as I am informed, walked off of the precipice trap at that place, and broke her leg in two places. A young gentleman, who was a stranger in our city, on his return from visiting a friend on the 4th street road, a few evenings since, also walked off of the same precipice and miraculously escaped essential injury A fence should at once be built across the Alley, at the edge of the precipice, which is about twenty feet, nearly perpendicular.

FOR SAFETY,

Travellers should select Boats provided with Evan's Safety Guards for preventing Explosion of Steam Boilers

IT would be well for the traveling community to bear in mind that their security depends entirely upon their own encouragement of boats that have or may be at the expense of procuring the above apparatus. And that every individual making such selections is contributing towards a general introduction of an invention admitted by all men who understand the principles of the Steam Engine, to be a sure preventative against those dreadful disasters. You have certainly, in the hundreds of explosions that have already taken place, their almost daily occurrence, and the thousands of lives that have already been lost, a sufficient warning, and inducement to make inquiry for a Safety guard Boat, and in every case to give it the preference. They have went to an additional expense that your lives may be secure. Ought you not therefore to meet them with a corresponding degree of liberality, and by your preference show that you appreciate their laudable endeavors to stop this awful sacrifice of human life. They do not charge more than other boats; their accommodations in other respects are equal, and in many cases superior; and as there is one leaving Pittsburgh every day, why will you run any risk, when it is so completely in your own power to avoid these disasters.

All boats marked thus [*] in the List of Arrivals and Departures, in another part of this paper, are supplied with the Safety Guard.

Mr. Paul Emile Theveau

HAS the honor to inform the public that during his sojourn in Pittsburgh he will give

LESSONS IN THE SPANISH, FRENCH AND LATIN LANGUAGES.

From his having made the Spanish language the sole object of his study during a residence of two years in Havana, there is reason to suppose that he has acquired a good knowledge of their language, the easiest and most harmonious of all modern languages.

Of his competency to teach French there can be no doubt, from the fact of his having been a clerk in a Notary in Paris, where he has studied law. What Mr Theveau here states he can prove by the Ordonnance of the King of France and by letters from the Minister of the Navy.

Mr Theveau can be seen every day from 12 to 1 P M, at Mr Fickeisen's house, Market street, behind the old court house. n29-1m
