BATERDAY MORNING, MARCH 2, 1844. DELEGATE MESTINGS.—We hope the democrat in this city will remember that the meetings in the wards for the choice of delegates to the county Convention are to be held this evening. It is important that there should be a general attendance so that there maybe a fail expression of the preferences of the peeple. When the primary meetings are well attended we have always found that it created a more determinedand confident spiritin the party throughout the will turn out strong to-night.

The days for the last week, have been attended with almost uninterrupted sunshine; the nights cool, with frost however, barely sufficient to freeze the mud in the streets."

She had on board a full cargo of wheat, which, through the exertions of her active crew, was not much damaged,"

COUNTERFEIT COIN .- The Baltimore Sun cautio the public against a number of counterfeit coin which have recently made their appearance in that city.-They are a perfect fac-simile of the new emission of quarter dullars and ten cent pieces, and can only be desected by the sound. It will require a bright look out to detect them.

PITTSBURGH, BALTIMORE, PHILADEL PHIA, NEW YORK AND BOSTON. THE success this line has met with since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the er of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Bahtimore every day (except Sundays) during the season, and make the trip through in six days.

The superiority and advantages of the Portable Boat

System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any coment. Shippers can rely on having their produce, merchan Simplers can rely of maying their process, margined to dize, or goods of any kind that may, be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receive ing or advancing charges, &c.
