Sing Sing, January 21, 1843. Dr. Benjamin Brandreth :- Honored Sir, owing to, you a debt of gratitude that money cannot ray, I am induced to make a public acknowledgment of the ben-

efit my wife has durived from your invaluable pills -About three years this winter she was taken with a oain in her, ankle, which suon became very much it flamed and swallen, so much so that we became alarm-ed, and sent for the doctor. During his attendance

the pain and swelling increased to an alarming degree and in three weeks from its first commencement it be came a rusning sore. She could get no rest at nigh the pain was so great. Our first doctor attended bei for six months; and she received no benefit whatever,

the pain growing worse and the sore larger all the while. He said if it was healed up it would be her death, but he appeared to be at a loss how to procee on the leg; William H. Taylor of Boston, but badly fractured; John Potter. Litchfield, Maine, used leg; William H. Canning, Burlington, N. J., soon cure the sore, and give her ease at once. To ou

surprise he gave her no relief, and acknowledged that it baffled all his skill. Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her, con-tinued suffering. Under these circumstances we cun-clud d that we would try your Universal Vegetable Pills, determined to fairly test their curative effects .---

To my wife's great comfort the first few doses afford-ed great relief to the pain. Within one week, to the hment of ourselves and every one whoknew the case the swelling and the inflammatica beganguo case so that she felt quite easy, and would sleep comforta-bly, and sir, aftar six weeks use she was able to go

through the house, and again attend to the manage-ment of her family, which she had not done for 14 months. In a little over two months from the time she first commenced the use of your invaluable pills, her ankle was quite sound, and her health better than it had been in quite a number of years before. 1 send you this statement after two years test of the cure, con-sidering it only an act of justice to you and the public

at large. We are, with much gratitude,

D.R. LEIDY'S Sarssparille Blood Pills are applica-ble in all cases, whether for Purgatives or Parification, They possess all the boasted virtues of other pills, and are additionally efficacious, containing

Sarsaparilla in their composition, which is not contain ed in any other pills in existence. They are also diferent from other pills in composition, being purely vegetable, and can be employed at all times, without any danger, and requiring no restraint from oc

or usual course of living. Notwithstanding Dr. Leidy never pretended his Blood Pills would cure all diseases, yet it is not saying too much of them, from the innumerable cures performed by them in every variety and form of discase (cei-tificates of many of which have been published from persons of all denominations, physicians, clergymen, nd others) that they seem to be almost universal their effect; and persons using them for whitties side ness or disease, may rest assured that they will be found more efficacious than any other pills in existence.

From the known reputation of Dr. Leidy's Blood Pill, it is necessary to remind the public where they can at all times procure the genuine, as it is attempted to impose other pills, called the Blood Pills' spon the public on the reputation of Dr. Leidy's.
