REPORTED BY

TUESDAY MORNING, MARCH 12, 1844. CANAL BUSINESS .- The Canal will be opened to-

PITTBBURGH, PA ...

day, and the Spring business will now fairly commance. There are many reasons for believing that the business on wor public works this season will far exceed any previous one. Freights from New Orleans to the East bave greatly advanced, which will cause a vast amount of western produce to be sent by the way of our Canals, that would otherwise, and that has beretofore, taken the other course. Last assaon, some inconvenience was experienced from the detension of goods at this place, in consequence of not baving a sufficient number of boats. This season that difficulty will be obviated-All our lines have made large additions to their stock, and greatly increased their facilities for the transporfation of goods. It may be relied upon, that no detention of merchandise will be suffered this season; our transporters having made arrangements to obviate any delay, by increasing the number of their boats. Under those circumstances, we may safely expect that an unusual amount of business will be done on our public works, and that we will all experience some of the fruits of the retarning prosperity of the country.

PITTSBURGE GUNS .- Now when the whole country is mourning for the disester on board the Princeton, by which many valuable lives were lost, it may be well enough to call attention to a fact, which strikingly exhibits the superiority of Pittsburgh manufactures and Pittsburgh workmen. It is this-that no Gun made at this place has ever burst! This speaks volumes, and should be sufficient, of itself, to recommend our city and our workmento the patronage of government.

DESPICABLE THEFT .- The Poor House in Alle- ficent assortment of gheny city under the superintendance of Mr. Montgomery, was entered on Sunday night, and robbed of a thousand weight of flour.

A DESTRUCTIVE FIRE occurred in Philadelphia on Thursday morning last. A large amount of property

in the rear of George street, between South and Shippen, was destroyed. A large namber of chickens and his establishment, has induced him to purchase pigeons, a goat and six horses, perished in the flames. of all kinds of grods in his line, and of a superior qual The total loss is estimated at \$10,000.
