His nose is pinched, his lips are blue, His ence tound checks are sunken and thin, ind beavily lie his clotted locks Ajong his yellow, waxon skin. "Poor Love, dear Love," the mo iers say,

"'Tis sad that one to young should die. Poor Love, dear Love, ah, dreary day That seeth him in cold earth lie."

"It was a morry wight," suith one, 'But fond of mischiel," saith another. "And yer, despite his wayward ways," Quoth Hope, "I loved him as a brother. He used to laugh and chat with me, ning to live upon my smiles, Whilet I was beadless of his tricks-There was such magic in his wiles. "Poor Love, dear Love," the mourners say, "He was too good a lad to die." And then uprose from every hp A wild and weirs, and wailing cry.

I never shall forgive myself, Quoch Hope, "that I forsook the boy; Had I remained, those sightless eyes, Would now be lit with life and juy," noth Grief, "no sooner had you gone, Than down he came and sat with me, Crying and sighing night and day,

Than spoke Despair, "from Guief he came To mo, hiseyes with fury wild : I took him in and cherished him But soin a maniac grew the child ; And then I took his quiveffing form And on my bosom made his bed. SING SING, January 21, 1843. Dr. Benjamin Brandreth:-Honored Sir, owing to you a debt of gratitude that money cannot pay, I am aduced to make a public acknowledgment of the behefit my wife has derived from your invaluable pills.-About three years this winter she was taken with a pain in her ankle, which soon became very much in med and swollen, so much so that we became alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first commencement it be came a ruaning sore. She could get no rest at night the pain was se great. Our first ductor attended her for six months; and she received no benefit whatever the pain growing worse and the sore larger all the white. He said if it was healed up it would be lier death, but he appeared to be at a loss how to proceed, and poor wife still continued to suffer the most terrible tures. We therefore sought other aid in a Botanical doctor, who said when he first saw it that he cauld soon cure the sore, and give her ease at once. To our

surprise he gave her no relicf, and acknowledged that it buffled all his skill. Thus we felt after having tried during one whole

year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her continued suffering. Under these circumstances we con-cluded that we would ary your Universal Vegetable Fills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afford-ed great relief to the pain. Within one week, to the astonishment of ourselves and every one whoknew the case the swelling and the inflammation begantto ccase so that she felt quite easy, and would sleep comfortay, and sir, after six weeks use she was able to go through the house, and again attend to the managenent of her family, which she had not done for 14 first commenced the use of your invaluable pills, her ankle was quite sound, and her health better than it,

had been in quite a number of years before. 1 cend you this statement after two years test of the cure, conidering it only an act of justice to you and the public set of the skin generally. at large. We are, with much gratitude,
