

FRIDAY MORNING, MARCH 22, 1844.
COMMISSIONERS OF THE PORT OF PITTSBURGH.
The 4th of March Convention appointed the following Committee of Correspondence for Allegheny county:
Thomas Phillips, (Chairman), F. O. J. W. Black,
P. M. Lewis, do., R. H. Berry, do., John Birnie,
Lana, do., Thomas Donnelly, Allegheny city, R. A.
Bassett, Birmingham, Jas. Cunningham, Mifflin, Joe
McClain, Clinton.

A first brook out yesterday in the office of G. M.
Harris, Esq., on Water street, but was extinguished
before any damage was done.
We would call public attention to the advertisement
of Mr. Isaac Crane, Commission Merchant,
Baltimore. Mr. C. was engaged in the Produce business
in this city for many years, and we can commend him
to any who may require his services, as a gentleman
worthy of the most implicit confidence.
The execution of the late Hiram McClaster,
offer some very valuable property for sale. See advertisement.

FROM EUROPE.—The Steamer Westminster, arrived
at New York, on the 17th, but was obliged to
return to the Slidons.

STEAMBOAT COLLISION.—The steamers Clipper
and Mail on their way to New York, on Wednesday evening,
about 7 o'clock, at Warren, four miles below
Wellington. The Clipper struck the Mail near the boilers,
broke her guards, cut her hull to a considerable extent
and broke one of her engines, scalding an assistant
engineer by the name of Edwards—not dangerously, we
believe. The Clipper arrived in this city yesterday,
with her steersman guard considerably shattered.

Understand that Capt. Cooke, of the Clipper,
was on his boat being confined at home by indisposition,
and Capt. Logan, of the Mail, was in Cincinnati.

FLAT BOAT SUCK.—A flat boat laden with coal,
ran against a new steam boat near the Monongahela
Bridge yesterday, and sunk in a few minutes. We
understand the owners of the coal boat intend to bring
suit against the owners of the steam boat for the loss
they have thus sustained.

The river at St. Louis was falling rapidly, on the
13th ult. There was about 17 feet water in the channel
at Cairo.

INDIAN ITEMS.
A party of Cadettes arrived at Boggy, in the
Chocomaucan, on the 22d ult. from the prairies. They
brought with them two colored boys, supposed to
be runaway from Arkansas or Louisiana. The Cadettes
report the Prairie Indians to be amicably disposed
toward the whites and well civilized Indians.

A detachment of United States troops, under the
command of Van Dusen, who was taken immediately
to Lilly Rock, where he was tried for the murder of
Mr. Long, a citizen of the United States.
The Rev. Douglas Bono, or Hurd-cook-chee, the
Seminole preacher, is continuing his mission to the
gospel to the Seminoles at Fort Gibson. The chief of
the Van Dusen Intelligence thinks he has come upon
an interesting field for his useful labors.

THE MARIA.
This splendid boat, the largest
ever built for the Western waters, left our Wharf
yesterday for St. Louis. She is the proudest monument
that ever floated on the waters of this river.
The Maria is in the hands of the most experienced
mechanics. The Captain is a gentleman of the highest
character and of her officers give promise
of ability.—Ora. Commercial.

ENTERPRISING YANKEES.
A young Boston mechanic, who says he was tired
of earning \$1.00 a day in Boston, went to Pittsburgh,
and in an engine, and he gets \$37 a month, and found. In a letter to the Boston Times
he says:
I have the management of eight negroes, four of
each set, and in the next place I know nothing of the
management when I began. The engine is an old one,
half large enough for the work it has to do. The boiler
is small and the water level. The wood is all hand
and heavy, and it takes two negroes to get the engine
to run. I think that if he gets an American
engineer, he can do any thing; and he will want him to
be a blacksmith, cooper, gunsmith, tinker, and
clockmaker. There are only from five to eight white
men on the estate, and not a white woman. You may
judge of the state of society.

TEXAS.
We have today directly, and in such a shape as
to command our belief that a treaty for the annexation
of Texas, undisturbed by Congress, will be made
in a manner that will do honor to her stirring democracy.
We repeat, our authors are of a much more serious
character than were at first supposed. The effect of the
shock upon his frame, including his competency as it
were, as a senator, is such as to destroy the regular
attendance upon him, and they suppose that nearly a
month must intervene before he can be expected to
visit the Senate chamber.

THE OHIO GRANITE STATE ALL RIGHT!
The democrats will have larger majorities in every
branch of the state government. STRESELY'S majority
will probably come up to 2000. Here is an example
for Connecticut, which we feel assured they will follow
in a manner that will do honor to her stirring democracy.
We repeat, our authors are of a much more serious
character than were at first supposed. The effect of the
shock upon his frame, including his competency as it
were, as a senator, is such as to destroy the regular
attendance upon him, and they suppose that nearly a
month must intervene before he can be expected to
visit the Senate chamber.

MR. BENTON.
The Washington correspondent of the New York
Evening Post, writing under date of March 19th, has
the following in reference to Senator Benton:
As I stated a few days ago the lamentable event,
Mr. Benton's injuries are of a much more serious
character than were at first supposed. The effect of the
shock upon his frame, including his competency as it
were, as a senator, is such as to destroy the regular
attendance upon him, and they suppose that nearly a
month must intervene before he can be expected to
visit the Senate chamber.

GOOD NEWS AND FIRST ARRIVALS.—
We were expected to see our steamer and wharf
crowded with business, as D. Leach & Co. and Bing
ham & Brother yesterday had boats arrive, laden with
merchandise from the West Indies. Don't be alarmed
yet! Weasting folks! only keep good wood and your
steamboats will call on you for fuel. 22-1
