HEALTH. An individual only wishes to know the right way to pursue it; and there are none, were it surely made known how Life might be prolonged and Health recovered, who would not doubt the plan.— Evidence is required that the right way is discovered This is what those suffering from sickness want to be satisfied about. For who is so foolish as not trenjoy all the health that his body is capable of? Who is there that would not live when his experience can so much benefit himself and family! It is a melancholy fact that a very large proportion of the most useful members of society die between the ages of thirty and forty. How many widows and helpless orphans have been the consequence of mandkind not having in their own power the means of restoring health when lost. Now all these dangers and difficulties can be preven-ted and the long and certain sickness, and by assisting nature in the outset, with a good dose of Brandreth's This is a fact, well understood to be so by thousands of our citizens. This medicine, if taken so as to purge freely, will surely cure any curable disease.— There is no form or kind of sickness that it does not exert a curative influence upon. Thus, by their pow er in resisting putrefaction, they cure measles, small pox, worms and all contageous fevers. There is not a medicine in the world so able to purify the mass of blood, and restore it to a healthy condition, as the Brandreth Pills. The Brandreth Pills are purely vegetable, and so innocent that the infant of a month old may use them,

if medicine is required, not only with safety but with a certainty of receiving all the benefit medicine is capable of imparting. Females may use them in all the crit-cal periods of their lives. The Brandreth Pills will insure their health, and produce regularity in all the The same may be said of Brandreth's external or swellings, or sores, it greatly assists the cure. -

IMPORTANT FACTS. DR. LEIDY'S Sarsaparilla Blood Pills are applica ble in all cases, whether for Purgatives or Pu rification, They possess all the beasted virtues of other pills, and are additionally efficacious, containing Sarsaparilla in their composition, which is not contain ed in any other pills in existence. They are also differont from other pills in composition, being purely vegetable, and can be employed at all times, without any danger, and requiring no restraint from occupation or usual course of living.

Notwithstanding Dr. Leidy never pretended his Blood Pills would cure all diseases, yet it is not saying too much of them, from the innumerable cures performed by them in every variety and form of disease (cer-tificates of many of which have been published from persons of all denominations, physicians, clergymen, and others) that they seem to be almost universal in their effect; and persons using them for whatever sick-ness or disease, may rest assured that they will be found more efficacious than any other pills in existence.

From the known reputation of Dr. Leidy's Blood
Pill, it is necessary to remind the public where they can at all times procure the genuine, as it is attempted to impose other pills, called the 'Blood Pills' upon the public on the reputation of Dr. Leidy's. Be par sicular and ask for Dr. Leidy's Sarsaparilla Blood Pills and see that the name of N. B. Leidy is contained on two sides of each box, (the boxes being of paper, and oblong, squareshape, surrounded by a yellow and black

There is liowever, no such ilmitation in the constitution of Texas, which is a single central government, with the same authority to make the cession, as appertained to France or Spain, in the transfer of Louisiana or Florida. Ner does it change the question of power, that these were distant colonies; for the sovereignty extends alike over every pertion of the action: and this principle was fully recognized, when Mr. Adams, as President, and Mr. Clay, as Secretary of State, in 1825 and in 1827, by instruct tions to our Minister at Mexico, and General Jackson, as President, and Mr. Van Buren; as Secretary of State, by subsequent similar instructions in 1829, and state, by supsequent similar instructions in 1929, ear speavored to procure from Mexicothe cession of Taxas, then a contiguous and integral portion of the merican confederacy. And if a nation may cede a portion of the reritory, being completely sovere gn over the whole she may certainly cade the whole; and, in any event, this would be a question, not of our right; to receive this would be a question, not of our right to receive but of the authority of the coding nation to make the

The re-ametation, then, can be accomplished by any one of three modes. 1st, by treaty; 3d, by an act of Congress, without a treaty; and 8d, by the authority reserved to each State, to extend their boundaries, and ashex additional territory with the sauc-

By treaty.—This right was established in the cession of Louis iana and Florida, and cannot now by questioned, without menacing the erganization of the government and integrity of the Umon; for by virus of this power, three States and several Territories poy compose a part of the republic. In 1842, we acquired territory by treaty, and attached it to the States of New recommended by the faculty—all in vainthas cured completely by the use of one bottle of Dr. Grandrath's Vork and Veru.ont.
