HEALTH. An individual only wishes to know the right way to pursue it; and there are none, were it surely made known how LIFE might be prolonged and Health recovered, who would not doubt the plan .-Evidence is required that the right way is discovered This is what those suffering from sickness want to be satisfied about. For who is so foolish as not trenjoy ell the health that his body is capable of? Who i there that would not live when his experience can so much benefit hi uself and family? It is a melancholy fact that a very large proportion of the most useful members of society die between the ages of thirty and forty. How many widows and helpless orphans have been the consequence of mandkind not having in thei own power the means of restoring health when lost. Now all these dangers and difficulties can be preven ted and the long and certain sickness, and by assisting nature in the outset, with a good dose of Brandreth's Pills. This is a fact, well understood to be so by thousunds of our citizens. This medicine, if taken so as to purge freely, will surely cure any curable disease .-There is no form or kind of sickness that it does not exert a curative influence upon. Thus, by their power in resisting putrefaction, they cure measles, small pox, worms and all contageous fevers. There is not a medicine in the world so able to purify the mass of

blood, and restore it to a healthy condition, as the Brandreth Pills. The Brandreth Pills are purely vegetable, and a innocent that the infant of a month old may use then if medicine is required, not only with safety but with a certainty of receiving all the benefit medicine is capable of imparting. Females may use them in all the critical periods of their lives. The Brandreth Pills will insure their health, and produce regularity in all the functions of life.

The same may be said of Brandreth's external remedy, as an out ward application to all external pains or swellings, or sores, it greatly assists the cure. — When used where the skin is very tender or broken, it should be mixed with one or two pints of water. A sure test of genuine Brandieth Pills .- Exam inc the box of Pills. Then look at the certificate of agency, whose engraved date must be within the year, which every authorised agent must possess; if the three labels on the box agree with the three labels on the cer-tificate, the Pills are true—if not, they are false. Principal office, 241 Broadway, New York.
