wary of State, renews the instructions to obtain the cosate 37th parrallel of latitude, and thence slong that esition of General Jackson would have secured to us, not only the whole of Texas, but also the largest and most valuable portion of upper California, together with the bay and harbor of San'Francisco, the best on rn coast of America, and equal to any in the world. If, then, it was deemed, as it is clearly proved, down to a period as late as August, 1835, is it less important at this period?

A NATIONAL BANK .- Although the federal journal and politicians dare not mention it, yet could they once get power, the first use they would make of it would be to create a National Bank of most gigantic power, to take the place of the Pennsylvania"Balance Wheel, as Gov. Ritner called it, that exploded a few years expedient. since, and occasioned such wide spread ruin and distress throughout the country. In the last Presidential contest, the whigs kept this question from before the people; it was one of the principles that they would not let meet the "public eye," but as soon as they got into power it was the first that claimed their attention, and they commenced at once to establish their "National Monster."
