THE TRUE WAY TO RECOVER HEALTH.

The An individual only wishes to know the right way to pursue it; and there are none, were it surely made known how Live might be prolonged and Health recovered, who would not doubt the plan.

Evidence is required that the right way is discovered This is what those suffering from sickness want to be satisfied about. For who is so foolish as not trenjoy all the health that his body is capable of! Who is there if at would not live when his experience can so much benefit himself and family? It is a melancholy fact that a very large proportion of the most useful members of society die between the ages of thirty and forty. How many widows and helpless orphans have been the consequence of mandkind not having in their own power the means of restoring health when lost. Now all these dangers and difficulties can be prevented and the long and certain sickness, and by assisting nature in the outset, with a good dose of Brandreth's Pills. This is a fact, well understood to be so by thousands of our citizens. This medicine, if taken so as to purge freely, will surely cure any curable disease .-There is no form or kind of sickness that it does not exert a curative influence upon. The same may be said of Brandreth's external remedy, as an outward application to all external prins or swellings, or sores, it greatly assists the cure. IMPORTANT FACTS.

DR. LUIDY'S Sarsaparilla Blood Pills are applicable in all cases, whether for Purgatives or Pu rification, They possess all the boasted virtues of other pills, and are additionally ellicacious, containing Sursaparilla in their composition, which is not con air ed in any other pills in existence. They are also different from other pills in composition, being purely any danger, and requiring no restraint from occupation or usual course of living.

Notwithstanding Dr. Leidy never pretended his

Blood Pills would cure all diseases, yet it is not saying o much of them, from the innumerable cores performed by them in every variety and form of disease (cer tificates of many of which have been published from persons of all denominations, physicians, clergymen, and others) that they seem to be almost universal in their effect; and persons using them for whatever sickness or disease, may rest assured that they will be found more efficacious than any other pilis in existence.

From the known reputation of Dr. Leidy's Blood
Pill, it is necessary to remind the public where they can at all times procure the genuine, as it is attempted to impose other pills, called the 'Blood Pills' upon the public on the reputation of Dr. Leidy's. RELATIVE TO THE ANNEXATION OF TEXAS. n reply to the call of the People of Carrol Coun. ty, Kentucky, to communicate his views on that

The subscriber having bought out the stock of the late Thomas Rafferty, deceased, has commenced business at the old stand of Mr. R., Buren, 1829, and subsequently in 1833 and 1835, mater the recognition of the independence of "Mexico by his country, and prior to its full recognition by other nowers; and it was within less than five years subseas Spain had not then recognised the judependence of Mexico, and the war was still waging between those mankin to his triends and the public let so not tall was by a successful revolution, and is precisely the particular of their favors.

same title, and depending on the same principles, as that now possessed by Texas. The same remarks apply to the subsequent efforts of Messrs Adams and Clay, in 1827, and of Jackson and Van Buren in 1829, to acquire Texas by purchase from Mexico. And even at the lates: period, no more time had clapsed between the date of the recognition of the independence of Mexico, and the proposed parchase from her, thun the time ed by many American officers and crews. In the eurfier part, also, of the conflict on the land, the gallant Perry, and the brave Magoo, an American officer, with combined American and Mexican army, bad deleatd the royal forces of Spain in many a glorious conflict. Throughout this whole period, Mexico was soliciting and obtaining the aid of our countrymen, on the ocean and on the hand; and it is more than doubtful whether, in the absence of that assistance, Mexico would yet have achieved her independence. On the 27th of July. 1829, Barradas, with a Spunish army of four thousand men, captured the Mexican city of Tampico, which s held until the 10th of September of the same year. Yet, n the 25th August 1829, whilst the fute of this exedition was vet undetermined, the administration of Jackson and Van Buren, as we have seen, proposed the purchase of Texas from Mexico. If, then, there Texas is still unrecognised by Mexico, or that a treaty with Mexico (as we had with Spain) had been ratified -all these reasons apply with far greater force against the proposed purchase of Texas from Mexico in 1825

It is true, that, in 1837, within a few weeks o The public are respectfully invited to examine our articles before purchasing elsewhere, feeling assured the superiority of our manufacture will be apparent to all candid spectators.
