Translated from the Courier des Etats Unis of the 27th of February, 1844. A MONSTER VESSEL.

The Magazine of Science publishes the fellowing ideription of a gigantic vessel, consisting in three iros boats joined together, and intended to compete with the transatlantic boats. Lieutenant Mocisson has just published, at Liver pool, the plan of an immense packet boat which he has invented, and to which he has given the name of Levisthan. This packet boat of the capacity of 32,-

480 tons, will be put in motion by three archimedian screws of 800 horse power each.

The deck of the Levithan will be 182 yards (mecres) long, and 52 wide. There will be below the dock, 1,000 private cabins; the public saloon will be square, measuring 33 yards on each side, and 5 be-tween the ceiling and floor. The vessel will be able to accommodate 5,650 persons, including the crew. The plan of construction amounts to 3,780,000 fr; he equipments and furniture to 2,250,000, total 5,one equipments and furniture to 2,230,000, were op-000,000 fr. It is estimated that five voyages to Amer-ica, going and coming, will yield an income of 5,000,-000 fr; of which, after the deduction of 1,950,000 fr.

for expenses, there will remain 3,250,000 fr. as the annual profit of the proprietors.

There will be around the deck a track of 500 yards in length, for the purpose of enabling the passengers to take a ride in a vehicle or on horseback. There will also be on the Leviathan a flower and kitchen garden, hot house, &c., occupying a space of 225 yards. The passage, in the best cabin, including the fair, will not exceed 400 francs. This immense floasing machine will have nothing to fear from the viclence of the waves, being by its own weight secure a

gainst the dangers of the sea. The Leviathan, already prepared by this machinery cloths and cassimeres, new style, which he is centious 2,800 house power, will have the additional assistant dent cannot fail to please. They are of a most ex tance of sails, carrying 2,675 square yards of can-(20 kilometres) an hour, and accomplish the trip from verpool to New York in ten days. To kill time, this monster vessel will have a Theatre, capable of accommodating 1,000 people, and will carry with it a troop of Comedians. There will have a hard-

There will finally be a buzar on board, and a newspaper printed daily.

EXTRAORDINARY NARRATIVE. The Quebec Gazette of Wednesday week relate the following:—"A native of Barnstable, Massachusetts, named Nickson, arrived in this city yesterday, on his way to Bangor, State of Maine, from which he emigrated about five years ago with their families for the "Far West." He took with him about seventeen hundred dollars and got land in Indiana, 47 miles from St. Louis, and found it very productive, but the price of produce was so low, and labor so dear, that he pittsburgh workmen, and are warranted to be of was obliged to give it up: Wheat 25 cents Indian was obliged to give it up: Wheat 25 cents Indian corn. 6 cents fer cash and 8 cents a bushel. He determined to return to Maine, and left with his family, a wife and seven children, one at the breast, with a wagon and two horses, at the end of October; three of his children died during the journey, of fever and ague; one of his horses died of disease on the way, and the other was lost by accident. At Kingston, being without money, he made a hand sleigh, and has dragged it all the way to Quebec, with his children and some bedding, living on the charitable assistance of the people along the road. Being accidently seen by Mr Campbell, Notary of Quebec, his extraordinary equipment attracted attention, and after enquiry b was lodged at Laporte's London Inn, Lower till means could be found to assist him on his way to his friends. Mr Hughs has kindly undertaken to convey the party in his stage to the lines, 93 miles, where ere is no doubt of his being aided in getting back to

Sing Sing, January 21, 1843. Dr. Benjamin Brandreth:-Honored Sir, owing w.w. Thwin, to you a debt of gratitude that money cannot ray, I am induced to make a public acknowledgment of the benefit my wife has derived from your invaluable pills.— About three years this winter she was taken with a pain in her ankle, which soon became very much in-flamed and swollen, so much so that we became alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first cemmencement it became a ruaning sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months; and she received no benefit whatever, the pain growing worse and the sore larger all the while. He said if it was healed up it would be her death, but he appeared to be at a loss how to proceed, and poor wife still continued to suffer the most terrible tortures. We therefore sought other aid in a Botanical doctor, who said when he first saw it that he could soon cure the sore, and give her ease at once. To our surprise he gave her no relief, and acknowledged that

it baffled all his skill. Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her con tinued suffering. Under these circumstances we con-cluded that we would try your Universal Vegetable months. NO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE -This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, work men in feather stores, stone entiers, bakers, while lead manufacturett, are all more or less autject to disease ne-cording to the strength of their constitution. The only method to prevent disease, is the cecasional use of medicine which abstracts from the circulator, all deterrious humors, and expels them by the bowels. Poules In any form are injurious, as they only put off the evil day to make it more fault. The use of Brandreth's Pills will insure health, because they teke all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and are not opposed but harmonize with her.

Evans's Camomile Pilis,
CERTIFICATES.—Letter from the Ilon, Ab'b'm M'Clei-Bn, Suilivan County, East Tennessee, Memberof Congress
Washington, July 3d. 1838. Sir_Since I have been in this city I have used some of your Dyspeptic medicine with infinite benefit and satisaction, and believe it to be a most valuable remedy. One feunessee, wrote to me to send him some, which I did and he has couployed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Tagwell, East Tennessee. I have no doubt but if you had ngents in everal counties in East Tennessee, a great deal of mediine would be sold. I am going to take some of it home or my own use, and that of my friends, and should like a hear from you whether you would like an agent at Bluntville, Sullivan County, East Tennessee; I can get ome of the merchants to act for you as I live near there.

Yours respectfully, ABRAHAM M'CLELLAN, of Tennessee For sale Wholeaste and Retnii, by
R. E. SELLERS, Agent.
